SEMINAR – AGILE LEADERSHIP IN A VUCA WORLD

Date- 22nd August 2019

Time- 11 am to 12noon

Venue – AV Room

Objective- To scrutinize and understand Agile Leadership in a VUCA world

The college had organised a seminar on 'Agile Leadership in a VUCA world' for third year students (BBI and B.Com).

The seminar commenced with a speaker providing introduction and insight into the topic, which was an alien concept for many attending the seminar. He espoused the participants and acquainted them with the objectives to be discussed later in the seminar. The stage was set for the main orator, who was an entrepreneur by profession and a true leader by heart. He provided a deep study into the topic of VUCA world and dictated his life experiences, which made him successful. His experiences in life reflected the profound knowledge he possessed which was continuously transacted to the students who were really gripped by the terminologies and reality of the VUCA world. Accompanied by a detailed PPT, the lecturer had covered every bit that was proposed at the start.

Various objectives of the informative session were:

- What is VUCA world
- How to survive in the VUCA world
- Learn to accept your failures and improve
- How a leader can guide and motivate a team to attain success

The seminar ended with a really motivating video of an Olympics player who had achieved success with hard work and determination and sailed his way out of failures. After, the floor was opened for questions. The speaker entertained every question put forward by the students who were continuously jotting down the valuable inputs and solutions.

Around 80 students were present from B.Com and BBI.

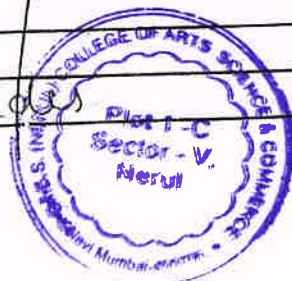

The students vacated the hall, all charged up and motivated, with a lot of knowledge to process and implement on the various turns of life. They were all prepared to face the ups and downs of the world or as we like to say the VUCA world.
