SIES (Nerul) College of Arts, Science and Commerce

B. Com (Financial Markets) 2019-20

Date: 20.02.2020

**NISM (National Institute of Securities Markets) Visit  
Report**

**Date: 17<sup>TH</sup> February, 2020.**

**Time: 9:30 am to 01:00 pm**

**Venue: NISM Campus, Patalganga**

**No. Of Students: 28**

On 17<sup>th</sup> February, 2020 a visit to National Institute of Securities Market campus located at Patalganga, Rasayani was organized by Department of Bachelors in Commerce (Financial Markets). Twenty-eight students of FYBFM, SYBFM and TYBFM participated along with faculty in charge Ms. Priyanka Gogri.

After reaching the NISM campus around 9:30 am, the students were asked to complete the registration formalities. **Session I** started with a brief about the financial markets and its working. The art of investing and the need for investment was talked about by the speaker Dr Latha S. Chari. Later on, during the session, the students were provided with virtual cash and they were asked to use that virtual cash to buy and sell shares of various companies & to make profit out of it. All students were properly guided by the staff members of NISM. Students learned and enjoyed this session a lot as it gave them a practical hands down experience of online trading with the live markets. After 30 minutes of trading, the scoreboard displayed the amount of profit or loss made by each student during the live trading session.

Short refreshment break was followed by **session II** where the students were briefed about the courses provided by NISM. Students were also guided about the campus and establishment of NISM with the help of a video.

The session ended with the distribution of certificates to the students for participation by NISM.

## Report on SEBI Visit of TYBFM students on 13/08/2019.

The students of SIES (Nerul) College of Arts, Science and Commerce from the T.Y.B.F.M (Financial Markets) stream, visited SEBI on 13<sup>th</sup> August, 2019. SEBI is the regulator for securities market in India. The headquarters of SEBI is in the business district of Bandra Kurla Complex, Mumbai, where the students of TYBFM visited as a part of the educational visit. The students were accompanied by prof. Girish Kirtani for the Visit. Total number of student who attended the visit were 37.

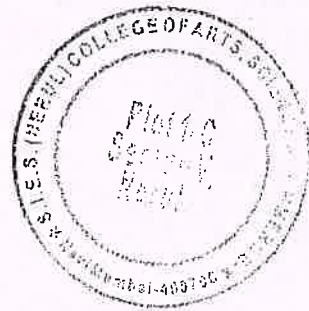

The objective of the Visit was to enable students to practically understand and experience the functioning of SEBI and to form a bridge between academics and functioning.

The interactive session with the Speaker began at 10.30 am. Students were shown visual presentations of how and when SEBI was formed and were given detailed information regarding the objectives of SEBI with its prime objective being the protection of investor interests and development of securities market. Information regarding investor grievances and their redressal was also explained. The students were also shown clips of advertisements issued in public interest and to raise investors awareness regarding the securities market.

Interesting discussions regarding current affairs and tackling of insider trading were also very helpful for the students. The session ended at 12:30 pm with students being given SEBI's booklet regarding financial planning for young investors.

## BMS DEPARTMENT

### SEBI (Securities and Exchange Board of India) Visit

#### Report

A group based educational Visit to SEBI Bhavan (Bandra) was conducted for the students of SYBMS 2019-20. This visit was mainly for the students of Finance Specialisation. It was conducted on 9<sup>th</sup> December 2019 from 10:30am to 12:30pm.

The Securities and Exchange Board of India (SEBI) is the Regulator for the Securities and Market in India owned by Government of India. It was established in 1988 and given Statutory Powers on 30<sup>th</sup> January 1992 through SEBI Act, 1992.

It was an educational Visit as students were taught about Stock Markets and how SEBI plays a very important role in it. Students were also taught about buying and selling of shares in the real market. They also came to know about the mediators who are involved in this process.

Students were also taught the importance of savings and how investing in shares help them to gain good returns as compared to any other financial organisation.

A brief presentation of about 1.5 hours was given by the Speaker for better understanding of students. 3D images and graphics were used in the presentation slides for a clear observation.

ARTS, SCIENCE & COMMERCE  
Sri Chandrasekarendra Saraswathy  
Vidyapuram Plot No. 1-C Sector-V,  
Nerul, Navi Mumbai - 400 706.

Students were taught about the Frauds and misleading activities that occur in stock market and how one can be alert towards it. They were also taught about the corrective measures that can be taken in case of frauds. Students also came to know about Cyber Police who plays an important role in helping clients to get rid of fraudulent Activities.

Students were also provided with the brochure of SEBI which has complete information about Stock Market and the steps involved in dealing with shares.

It was an amazing session & an amazing initiative by our Professor Mr. ChaitanyaSongirkar, who made this visit possible.

We are Thankful to all the SEBI Staffs and to our Professor Mr. ChaitanyaSongirkar, for giving us this opportunity, which will be really helpful to us in our near future. And we hope to have more of this visits in future.

Thank you!

## BSE VISIT

SIES College Nerul conducted a one-day visit to the Bombay Stock Exchange popularly known as BSE located at Fort, Mumbai on 3rd December, 2019. The key highlight of session was Employment Opportunities in Financial Markets. The session started with the History of BSE through video. Premchand Roy Chand, influential businessman founded the BSE.

BSE derived because of Bombay Cotton Market and it was secret trading at one point of time due to lack of knowledge and few investors.

Introduced to world's largest stock exchange working at rate of 6 micro second speed. Actual scenario of BSE workings was explained. It is known as Capital Market. It uses Sensex as Market Indices. BSE known for its technology driven approach. Conditions for listing a company on BSE was explained. It uses screen known as BOLT screen for companies listed under BSE and is used for trading and regulatory purposes.

## Industrial Visit at ISME

September 18, 2019:

A one-day industrial visit was organized on 18<sup>th</sup> September 2019 by the association of ISME (School of Management & Entrepreneurship) and Students of CS department of SIES Nerul. Under the guidance of Prof. Nisha Baranwal, Prof. Fatima Kothari and Prof. Aditya Jinturkar industrial visit to ISME, conducted for the students of CS was a grand success. ISME is a revolutionary academic ecosystem with a focus on creative thinking and design led innovation. All the students reported at 9.00am at the ISME entrance and from there our professors led us to the ISME tower. We were welcomed by the ISME personnel. They provided the campus tour of the 5 schools. It was an incredible opportunity for us to be able to watch the live 'RobotMitra' at ISME. The campus tour was followed by the seminar. The seminar started at 10.00am with an introductory presentation on Career Guidance by Prof. Utsav from ISME. It was followed by the main topic of seminar 'Data-The Fueling the future of Mankind' by Prof. Aditya from ISME. The seminar conducted till 1.00pm. The seminar was interesting, informative and knowledgable. Students were also informed about AI, Data science, etc. They also organized activities during the seminar which were a good learning, interactive and informative. After the conclusion of the seminar the students departed for their home. The experience of this tour was really fantastic and unforgettable. Students got valuable information from this IV.

## Industrial Visit at ISME

A one-day industrial visit was organized on 18<sup>th</sup> September 2019 by the association of ISME - School of Management & Entrepreneurship for 41 students of BSc. IT under the guidance of faculty members namely, Ms. Anu Thomas (BSc IT Coordinator), Ms. Meghana Bhatia and Dr. Swati Vitkar.

ISME is a revolutionary academic ecosystem focused on creative thinking and design led innovation. All the students reported at 9.00.a.m at the ISME entrance and from there professors led the students to the ISME tower. All were welcomed by the ISME personnel. They provided the campus tour comprising the 5 schools. It was an incredible opportunity for the students to watch the live 'Robot Mitra' at ISME.

The campus tour was followed by the seminar. The seminar started at 10.00.a.m with an introductory presentation on Career Guidance by Prof. Utsav Shroff. It was followed by the session on Data Analytics namely 'Data-The Fueling the future of Mankind' by Prof. Aditya K. The seminar was interesting, informative and entertaining.

Students were also informed about AI, Data science, etc. They also organized activities during the seminar which were interactive, instructive and fun to engage in. After the conclusion of the seminar at 1:00 p.m. the students departed for their home. This industrial visit not only gave the students a valuable insight about the trends in technology and data science but also marked an unforgettable and enjoyable experience for them.

To

The Principal,

S.I.E.S. (Nerul) College of Arts, Science and Commerce,

Sanjay Alumbhai

Subject : Permission for conducting an Educational tour to ISME.

Respected Sir,

This letter is with regards to conduct an educational tour for TY BSc. IT :  
Departmental activity.

The details of the same are as follows:

The students would be taken to ISME-Lower Parel BRANCH in order to  
acquire knowledge about the DATA SCIENCE In India. This would be beneficial  
to the content they study in theory in a classroom setup.

Additional details with regards to the same are as follows:

- Students intended to participate – TY BSc. IT
- The institute to which they would be taken – ISME Lower Parel
- Fees to be paid by students – Rs. 200 *affr*
- Time schedule of the program – 9:30 a.m. to 2:00 p.m.
- Date of the activity – 18 Sept 2019

I request you to kindly appraise the above details and grant permission  
for the same. I ensure utmost sincerity and dedication on my part.  
Thanking you in advance.

Yours Sincerely,

  
Dr. Swati Vitkar  
(Faculty in charge)

**IV REPORT- 2019-20**

Department of Commerce, SIES (Nerul) College of Arts, Science and Commerce.

Campus Industry Visited : AMUL LTD. & COCA COLA COMPANY

Date : 3<sup>RD</sup> Jan, 2020. Transportation : Private Buses (Three)

Students : Total 149 students of S.Y. B. Com – Sem IV (97 students) and T. Y. B.Com- Sem VI (52 students) . Female (89) Male ( 60)

Faculty Accompanied: (02 F + 01 M) : Mrs. Sugandha Jha, Mr. Murlikrishnan Nambiar , Dr. Snehal Patil  
The Industrial Visit was conducted by the B.Com department of SIES (Nerul) College of Arts, Science and Commerce on 3<sup>rd</sup> January, 2020. We all had been to Vasai- Wada.

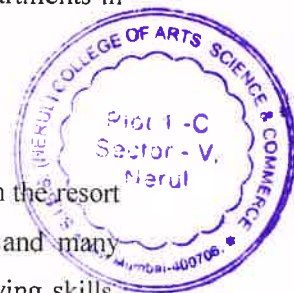

The department felt the need for organizing an educational visit for the students so that they can better understand the intricacies involved when we apply the theoretical concepts learned.

Student proceeded for the visit at 7:45am. TYB.Com Students visited the Amul factory at Vasai & S.Y.B.Com students visited the Coca- Cola Company at Wada .The students got knowledge about how the process costing and production management takes place in the manufacturing industry. The students interacted with the HR manager who explained them the history of the company, the products manufactured and processed in that company. There was a question answer session by the students which helped them upgrading their knowledge. The plant supervisor took the students around the factory to explain them the various production process. The students were also given Amul and coca- cola products to taste.

The Purpose of Industrial Visit was :

- 1) To let the students interact with actual industry personals.
- 2) To make them aware of the industrial procedures required to enter in any company.
- 3)To experience the working environment in industry and visualize the all the important Departments in the Industry.
- 4) Interaction of students with the people of all important departments.
- 5) To prepare the students for the selection of carrier path in different departments of industry.

Then the students headed towards Sajan Nature Club at Palghar. After having lunch in the resort the students enjoyed various adventure activities such as Zip line, Archery, Treasure Hunt and many others. These adventure activities help them in strengthening cooperation skills, problem solving skills, brings in self esteem and confidence, the overall behavior of the student improve, they learn team work and communication skills . These activities have a Positive effect on the health of the students as it decreases their stress level and motivates them to be back in the class.

BSE report bcom

\*Report on Industrial Visit at BSE Institute Mumbai on 3 December 2019\*

SIESASCN had arranged an Industrial visit for students of Investment Analysis and Portfolio Management studying in TYBCom at BSE Institute on 3 December 2019. Ms. Sugandha Jha had coordinated with BSE for this successful visit 37 students of SIESASCN accompanied by Dr. Vinit Joshi had the privilege to visit the Bombay Stock Exchange Institute and had the chance to learn about the working of the institute. All the students were asked to be present by 10am. After all the frisking and security checks, we were finally allowed inside.

The session began at 11:00am with a brief introduction on the history of the Bombay Stock Exchange. The session was presided over by Prof. Rakesh Nair who happened to be an ex-student of SIES Sion. The session was interactive, He explained to our students how the stock market functioned earlier and now how it has evolved into the world's fastest stock exchange.

He also provided information about the structure of the stock exchange, its process and procedures and the products traded on it.

The important part of the visit was that students saw the real-time trading window of the Bombay Stock Exchange which is also called the BOLT terminal.

Prof. Nair explained each part of it in detail which provided us with a better understanding of how the stock exchange really functions.

He also provided an insight into how the BFSI sector will evolve in the future and particularly how it will affect the functioning of stock exchanges in the future, keeping in mind the security aspect as well as the advancement of technology.

At the end, there was an interactive session wherein Mr. Rakesh solved the doubts and the queries that the students had.

He also guided us through the various courses, training and certification programmes related to the capital market that we, as students, could take up in the future.

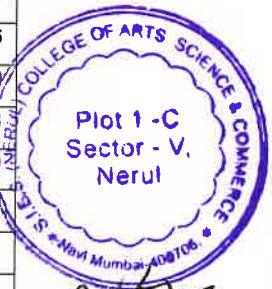

The session overall was very informative and the speaker explained each concept distinctly.

## A visit to KESHAV SRUSHTI- ENVIRONMENT EDUCATION CENTRE

Bhayander, Mumbai, 6<sup>th</sup> February 2020

**Course / Department :** BCom., SIES (Nerul) College of Arts, Science and Commerce.

**Campus Industry Visited :** Keshav Shrushti - Environment Education Centre

**Date :** 6th February 2020.

**Transportation :** Private Buses (One)

**Students Strength :** Total 56 students of F.Y. B. Com – Sem II, Female (43) Male (13)

**Faculty Accompanied:** (02 F) : Ms. Rupali Zele (Co-ordinator, BCom. & EVS subject Teacher) and (Ms. Ashwathy P V Ravindran (Faculty, BCom. & Foundation Course - Subject Teacher)

The faculty of BCom have always adopted practices and measures to ensure a holistic learning experience for its pupils. Accordingly, beyond classroom teaching, the teachers also create avenues of experiential learning for its students, one of them being Industrial / Field Visits.

Considering that students of FYBCom are unable to directly relate to subjects like Environmental Science and Foundation Course (section on Ecology in Semester II), it was decided that an Industrial Visit to an Environment Education Centre would help them gain a physical exposure to the contents of the subjects. Thus, the students of FYBCom were taken on a one day Industrial Visit to Keshav Shrushti Environment Education Centre on 6th February 2020.

### **The Purpose of Industrial Visit was :**

- 1) To give the students a contrasting glimpse of urbanized and natural landscape
- 2) To let the students identify the features of urbanized and natural locale
- 3) To encourage a realistic understanding of environmental degradation
- 3) To provide a first hand experience of ecological sanctuaries
- 4) To sensitize the students about CSR
- 5) To allow a hands-on experience of sustainable development to students

**PRINCIPAL**  
S.I.E.S. (NERUL) COLLEGE OF  
ARTS, SCIENCE & COMMERCE  
Sri Chantreswara Saraswathy  
Vidyapuram, Plot No. 1-C, Sector-V,  
Nerul, Navi Mumbai - 400 706.

On the 6th of February 2020, 56 students (43 girls and 13 boys) of FY BCom accompanied by two faculty members Ms. Rupali Zele and Ms. Ashwathy PVR undertook an industrial

visit to KESHAV SRUSHTI- ENVIRONMENT EDUCATION CENTRE, Bhayander, Mumbai.

The students and faculty members assembled at the college gate by 7am and left the campus in a private bus by 7:35am. The ride from the Nerul campus of the College to the destination (via Thane-Belapur Road - Eastern Express Highway - NH48 - Western Express Highway - Mira Bhayander Road -Uttan Road) was about two hours long with moderate traffic. The destination was reached by 9:30am.

The bus journey from the urbanized locale of Navi Mumbai to the village of Uttan absolutely allowed the students a contrasting glimpse of modernized and natural way of life - the initial visuals crowded with well constructed buildings and roads, busy and traffic jammed streets, and malls were soon replaced with a calm and serene image of thatched roof houses made of bricks, cattle, wells, and countryside roads. Therefore, reaching the destination seemed like being transported to another world altogether.

After refreshments, the first segment of day's schedule included a brief introductory presentation on Keshav Srushti by the tour guide Mr. Abdullah Shaikh from 10:00am to 11am. Thereafter, the students were divided into two groups for the Nature trail - the second segment of the day. In the course of the Nature Trail, the students and faculty members were introduced to different kinds of trees and botanical plants like Water Lettuce, Ghost Tree, Cork Tree, Devil's Tree, etc. Further, the audience was informed at length about Apiculture. Following this was the visit to the agricultural area of Keshav Shrusti, wherein students were informed about the method of drip irrigation for cultivation. Students were practically shown the real colour and texture of naturally cultivated vegetables like tomatoes, cabbage, cauliflower, flame lily, etc. Apart from these, the students also saw a pond adopted for purification process which in turn provided water for drinking, making herbal medicines, cultivation, and watering plants and trees in the area. The next part of the Nature Trail included the visit to the Gaushala which had about 200 to 250 cows. These gaushalas were told to serve the need for milk and milk products in the village, and while the cow dung was used for generating biogas. Finally, the trail concluded with a garden wherein special kinds of flowers were planted to attract and breed butterflies of different kinds, and a last halt to observe a nursery of both medicinal and ornamental plants.

The trail ended by 1:30pm and the entire group took a one hour recess to have lunch, and enjoy the greenscape. The final segment of the schedule was the paper recycling activity which started at 2:30pm. The guides Mr. Abdullah and his friend demonstrated the recycling process to the audience, and then included them in the exercise. Firstly, the participants made a slurry like paste was made by cutting or tearing paper into very small bits, which were then soaked and treated in plain water by rubbing it with bare hands. Thereafter, they mixed the slurry and plain in a 1:1 ratio in a working container. Then, a circular strainer was immersed in the mixture and held out with a portion of the pulp sticking on the outer surface of the strainer. Finally, the strainer was then placed on a surface to leave a circular patch of recycled

Nerul, Mumbai - 401 706.

paper, which, when dried under sun for two hours, was to be ready to use. By 4pm, all the students had made a circular sheet of paper.

Finally, after some recreational games, the students and faculty members stopped to purchase vegetables cultivated in the fields, as also some ayurvedic products like oil, soaps, incense sticks etc made out of the milk, plants and herbs cultivated at Keshav Shrushti. The reluctance of the students while leaving the premises and their discussions regarding the observations made during the day testified that the environmental concepts like ecology, life cycle of plants and trees, food web, sustainable development and such had become more relatable. This in turn indicated that the purpose of the industrial visit was accomplished to its best level.

The group started their return journey at around 4:50pm and reached SIES Nerul campus by 7:30pm.

56 students and two Faculty Members Ms. Rupali Zele and Ms. Ashwathy P.V.R

COMMERCE

NOTICE

DATE- 14/09/2019

The Department of Computer Science is organising Industrial Visit to ISDI (Indian School of Design and Innovation) on 18<sup>th</sup> September, 2019 between 9:30 am to 2:00pm in Lower Parel for TYCS.

All the students can give their names to respective class representatives.

Course Coordinator

Padmaleela D.

To,

Date-14/09/2019

The Principal,

SIES (Nerul) College of Arts, Science and Commerce

Navi Mumbai

Subject: Permission for conducting an educational tour to Indian School of Design and Innovation (ISDI).

Respected Sir,

This letter is with regards to conducting an educational tour for BSc. (CS) students as a part of departmental activity. The details of the same are as follows

The students would be taken to ISDI, Lower Parel branch in order to enhance their knowledge and this will be beneficial in bringing a practical edge to the content they study in theory in a classroom setup.

Additional details with regards to the same are as follows

- Student intended to participate –TYBSc(CS)-48
- The institute to which they would be taken ISDI( Lower Parel)
- Time schedule of the program is 10:00 am- 1:00pm
- Date of activity- 18/09/2019

I request you to kindly appraise the above details and grant the permission to conduct the activity. I ensure utmost sincerity and dedication on my part.

Thanking you in Advance

Yours Sincerely,

  
Nisha Baranwal

( Activity In charge)

## Industrial Visit at ISME

September 18, 2019:

A one-day industrial visit was organized on 18<sup>th</sup> September 2019 by the association of ISME (School of Management & Entrepreneurship) and Students of CS department of SIES Nerul. Under the guidance of Prof. Nisha Baranwal, Prof. Fatima Kothari and Prof. Aditya Jinturkar industrial visit to ISME, conducted for the students of CS was a grand success. ISME is a revolutionary academic ecosystem with a focus on creative thinking and design led innovation. All the students reported at 9.00am at the ISME entrance and from there our professors led us to the ISME tower. We were welcomed by the ISME personnel. They provided the campus tour of the 5 schools. It was an incredible opportunity for us to be able to watch the live 'RobotMitra' at ISME. The campus tour was followed by the seminar. The seminar started at 10.00am with an introductory presentation on Career Guidance by Prof. Utsav from ISME. It was followed by the main topic of seminar 'Data-The Fueling the future of Mankind' by Prof. Aditya from ISME. The seminar conducted till 1.00pm. The seminar was interesting, informative and knowledgable. Students were also informed about AI, Data science, etc. They also organized activities during the seminar which were a good learning, interactive and informative. After the conclusion of the seminar the students departed for their home. The experience of this tour was really fantastic and unforgettable. Students got valuable information from this IV.

**BBI**  
Sub-BMS Internship

Dear Mam

With reference to your application dated 18.07.2019 for internship, we pleased to inform you that, you are selected for the BMS internship with our Nerul Nagar Branch from 22.07.2019 to 22.09.2019. Your selection is purely to get banking work experience without any consideration from Bank.

The said opportunity is given to you on request letter from your college, and hence the internship does not guarantee any employment from the bank nor are you entitled to any benefits / facilities from the bank.

During the period of internship you have to maintain secrecy of customer accounts and you have to follow rules and regulation of the bank. In case of leakage of any confidential information from you side, you will be punishable under breach of banking code of conduct and your internship will be discontinued immediately.

**Subject:** Recruitment of interns for the MMR-EIS project.

Dear Sir/Ma'am,

I am writing to you with reference to the interviews conducted on 11/03/2019 for the students of M.Sc Environmental Science. We have selected 4 students for the position of interns on a project titled as "Inventorisation of Water bodies in Mumbai Metropolitan Region other than greater Mumbai" for the duration of 3 months.

The names of selected students are as follows:

1. Pranjali Thakur.
2. Sainath Junghare.
3. Rohit Inkar.
4. Sarvesh Mali.

I would request you to kindly allow the above mentioned students to carry out the internship with Terracon Ecotech Pvt.Ltd for the mentioned project.

Thank you,

Sincerely,

Terracon Ecotech Pvt Ltd.  
202, Kingston, Tejpal Road,  
Vile Parle (East), Mumbai-400057.

### Lecture on Marine Matters at Costal & Marine Biodiversity Centre, Airoli

30 July 2019.

#### Report

Marine Matters Talk series was organized by the Mangrove Foundation and Marine Biodiversity Centre. Third talk on occasion of World Whale Shark Day 2019 organised at Costal and Marine Biodiversity Centre at Airoli 30 July 2019.

All the M. Sc. EVS (Sem I & Sem III, total 21) students attended the lecture and the students were accompanied by Ms. Kamini Thakur. The lecture was intended as to create awareness about the decreasing number of Whale Shark.

The lecture was inaugurated with the introductory lecture by Geeta Pawar- Assistant Conservator of Forest which mainly focuses on the purpose of Mangrove Cell. It was established in the year 2012. The Mangrove Foundation was established in the year 2015.

The main spokesperson and chief guest for the day was Dr. Vinay Deshmukh. He has carried extensive work on conservation of the whale shark. The lecture started with the wide introduction on marine ecosystem and the life cycle that goes on in that zone. He elaborated on whale shark as this organism is categorized as endangered species in the Red List. He also mentioned that the shark was killed for fins and liver. In this lecture he also mentioned about the scheme organized by the government which says that if the fisher man let goes the whale shark while fishing exercise, the fisherman will be provided with compensation. Under this scheme, Naresh Tandel and his brother were felicitated. A brief lecture was then given by Dr. Raje who has practically worked in Marine Biology along with Dr. Deshmukh. Lecture ended with the interactive session of spokespersons and the students.

**REPORT ON VISIT TO SIES MATUNGA (ISRO)**

A visit was organised to SIES school matunga for an event organised by SIES school Matunga in collaboration with ISRO. All students reached at the assembled place at 10:30 am. Prof. Ms. Kamini Thakur accompanied us for the event.

The exhibition started with a small introductory lecture by one of the scientist on Indian Space Research Organisation and some information on the Chandrayan 2 mission. He further explained about PSLV and GSLV ROCKETS respectively. They briefly explained as how the Chandrayan 2 mission was conducted. The school had many classes providing us with informative documentaries which gave information about satellites their orbital and much more. There were various exhibits displayed of the satellites, missile, spare parts used in the production of rockets as well as satellites, launch vehicle and materials showing information about the work carried out by the ISRO. There were many students present at the exhibition as the recent Chandrayan 2 mission has acquired fame.

We would like to thank Dr. Jyoti Koliyar ma'am for granting us the permission to attend the above mentioned exhibition. We also thank Prof. Kamini Thakur ma'am for accompanying us at the venue.

## M.SC. ENVIRONMENTAL SCIENCE DEPARTMENT

### Report on Educational Visit at Matheran

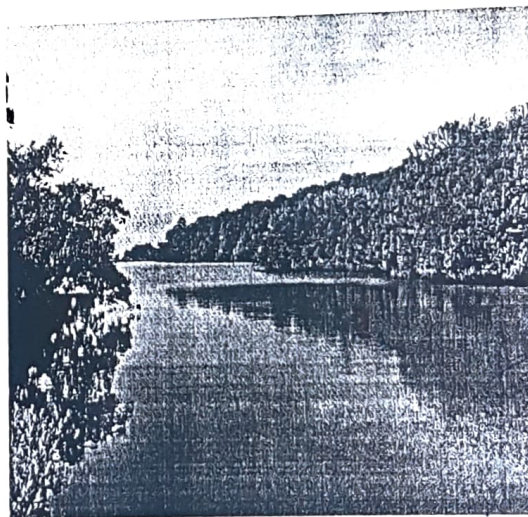

One day Educational Visit of M. Sc. Part 1 was organised at Matheran on 3rd December 2019. The purpose of the visit was to carry out two major practicals from syllabus namely the soil profile and hydrological cycle of a water body. Students were accompanied with the resource person Dr. Jyoti Koliyar.

Matheran is a hill station in the Raigad district of Maharashtra. Matheran plateau lies between  $18^{\circ} 55'N$  Latitude and  $73^{\circ} 51'E$  Longitude. It has an average elevation of 800 meters. The total area of the Matheran Eco-Sensitive Zone is 214.73 Sq.Km. in Karjat Tahsil.

The 5 students and Dr. Jyoti Koliyar reached Matheran at 10:00am on 3rd December 2019. During the visit information about flora and fauna was given to the students. The soil samples from different horizons were collected and analysed in the lab to study the soil profile. The hydrological cycle of Charlotte Lake was studied which is considered the main source of drinking water in Matheran. The water samples were also collected from the Lake to carry out analysis of various physico-chemical parameters.

The students were also made to understand the importance of forest ecosystem at Matheran. Fundamentals of Ecotourism and its application to Matheran also discussed with students.

The visit to Matheran has been a great learning experience for the students differing lot from theory.

# REPORT of Lecture on WORLD WETLAND DAY

World wetland day is celebrated internationally each year on 2 February 2020. It marks the anniversary of the signing of the convention on wetlands of international importance of Ramsar, Iran, on 2<sup>nd</sup> February 1971. Under the aegis of mission mangroves, a united way, Mumbai in collaboration with mangrove foundation organised lecture on wetland biodiversity matters at coastal and marine biodiversity centre, Airoli on 7<sup>th</sup> February, 2020 at 10 am. The lecture was held to aware students about life thrives in the wetlands. The students from various colleges were present.

The guest speaker was dr. Madhuri Pejaver, principal of Bandodkar college. The dignitaries present were IAS Venugopal Reddy, Mr. Virendra Tiwari, Dr.Valavalkar.

The session began with the introduction of United way, Mumbai. Dr.Jayanti madam, gave a lot of information regarding the mission mangroves. She also told about clean drives under which 23 hectors of mangroves had been restored at karave, Koparkhairane and Bhandup. Then 'shorekeepers' video shown to us which was based on information of mangroves.

She introduced guest speaker Dr.Madhuri Pejaver. Then, Dr.Madhuri Pejaver madam began lecture. She gave detailed information about mangroves. She shared various research ideas. Also she explained about various research project done and guided by her.

The session ended with giving vote of thanks by Mr. Ajay Gole to guest in appreciation for taking the time out to educate the students.

### **Report on SEBI Visit of TYBFM students on 30/8/2018.**

The students of SIES (Nerul) College of Arts, Science and Commerce from the T.Y.B.F.M ( B.com in Financial Markets) stream, visited SEBI Headquarters at Mumbai on 30<sup>th</sup> August, 2018. . The headquarters of SEBI is in the business district of Bandra Kurla Complex , Mumbai, where the students of TYBFM visited as a part of the educational visit. SEBI is the regulator for securities market in India.

The objective of the Visit was to allow students to practically understand and experience the functioning of SEBI and to form a bridge between academics and functioning. The students were accompanied by prof. Girish Kirtani for the Visit. Total number of student who attended the visit were 37.

The interactive session with the Speaker began at 10.30 am. Students were shown visual presentations of how and when SEBI was formed and were given detailed information regarding the objectives of the SEBI with its prime objective being the protection of investor interests and development of securities market. Information regarding investor grievances and their redressal was also explained. The students were also shown clips of advertisements issued in public interest and to raise investors awareness regarding the securities markets.

Interesting discussions regarding current affairs and tackling of insider trading were also very helpful for the students. The session ended at 12:30 pm with students being given SEBI's booklet regarding financial planning for young investors.

#### **REPORT ON SEBI VISIT**

A field visit was organized to Securities Exchange Board of India, BKC, Mumbai on 7<sup>th</sup> September, 2018.

The purpose of the field visit was to orient the students SEBI which is a regulatory body of the Financial Market and all Financial instruments which is established by the Government of India. The Visit was a Formal Introduction (Seminar) to the Second-Year students about SEBI its functions and jurisdiction as SEBI is a part in the Curriculum of the students.

The Field Visit was under the Guidance of Mrs. Lata Lokhande, Co- Ordinator and Faculty Member.

The Seminar began with Warm welcome words by the presenter of the day Mr. Anand Shakti who was also the representative from SEBI. A PowerPoint Presentation was the medium was to used to share information of SEBI. This presentation included information about the History and origin of its establishment, formation, jurisdiction, functions and how it governs the rights and duties of every investor. The presentation also included about basic of Investor Protection and some tips for Young Investors.

The representatives also provided the students a guide for Young Investors along with a Notepad. The seminar also included doubt sessions, questions were asked by many students about Financial System in India along with SEBI. The Visit ended by few thanking words by Mrs.Lata Lokhande and Vote of Thanks by Mr. Bonaventure Fernandes.

**FIELD VISIT TO CORPORATION BANK**

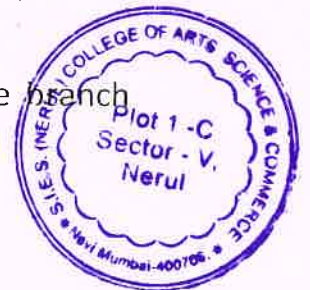

**13 March 2019.**

On 13<sup>th</sup> March 2019, the field visit to Corporation Bank, Nerul Branch was conducted by the B.com (Banking and Insurance) department. As per the curriculum, it was a part of an educational trip to a place of education where knowledge about the industry can be learnt about. The trip was specially arranged for the Third year BBI students to help them understand and adapt their transition from campus to corporate.

All the students gathered at the Nerul Branch of the Corporation Bank at 10.45am. The students were accompanied and guided by faculty member Prof. Bhurnika More. All the students were very eager to learn a new thing and experience the working of a bank, live and had many questions in their mind to ask to the branch manager. At around 10.55am all the students were welcomed to the bank and into the Branch Managers cabin.

The branch manager made all the students very comfortable and at ease. She spoke about various banking sector changes and recent banking norms which will be useful and all the youth should be aware about. She explained various banking process, products and services which they offer to the customers. Then she spoke about how corporation bank functions and how do they cope up with the emerging changes and stand with the time for their consumers. After that a few students asked some questions to the branch manager and she happily answered to all of the students queries.

At 11.45am we concluded the field trip with a group photo with the branch manager. The trip was a fruitful trip and very helpful for the students.

**B.COM. (ACCOUNTING & FINANCE)**  
**A VISIT TO SECURITIES AND EXCHANGE BOARD OF INDIA**

The SEBI (Securities and Exchange Board of India) is the regulator of securities market in India. It was established in 1988 and given statutory power on 30<sup>th</sup> June 1992 through SEBI act 1992. The sole purpose of this corporation is "... To protect the interest of investors in securities and to promote the development of, and to regulate the securities market for matters connected therewith or incidental thereto".

On 8<sup>th</sup> October 2018, the students of TYBCOM (Accounting and Finance) accompanied by Dr. B. Indumathi, visited SEBI.

The SEBI Manager, Investors Education Division, addressed the students. The session was conducted through a ppt. It was an interactive session of 2 hours which included topics of interests such as investment, market share and the role of SEBI in these fields.

The knowledge of the students was enhanced in areas such as:

- ~~RESPECTIVES~~ How should we invest in the market?
- How to choose our financial advisor?
- How to think before investing?
- What should be our goals related to investments and are they SMART goals?
- When should we go to SEBI and when not to go?
- The matters which are under the control of SEBI?

During the seminar students also asked some interesting questions such as what are bitcoins and does SEBI deal with them?

The role and significance of SEBI in Indian commerce was well appreciated by the students because of this visit.

**DEPARTMENT OF LIFE LONG LEARNING AND EXTENSION CELL**  
**2018-2019**

**REPORT FOR "INTERNSHIP PROGRAMME"**

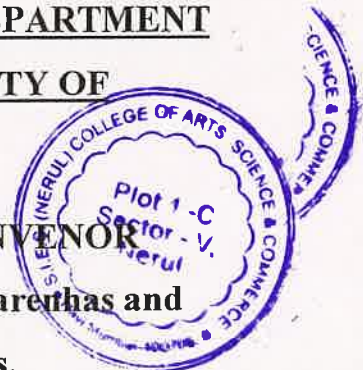

Department of lifelong learning and extension cell "reach the unreached" of SIES NERUL had organised one month internship program for the DLLE students at MUNZER BHARAT PVT LTD FROM 19<sup>th</sup> DECEMBER 2018 TO 20<sup>th</sup> JANUARY 2019.

The DLLE cell of college in collaboration with MUNZER BHARAT PVT LTD -" NATIONAL USED COOKING OIL COLLECTION MISSION FOR INDIA AND IS UNDER THE SWACHH BHARAT MISSION.

As a part of CSR activity students completed a one month internship programme in contributing and spreading the awareness amongst the people and promote the disposal of cooking oil in a rightful manner by not allowing it back to the food chain and also getting in contracts by various food industries by telling them how bio diesel from cooking oil can be produced. It helped the students to build confidence and improve their communication skills

A letter of Appreciation by DR.DILIP PATIL - DIRECTOR DEPARTMENT OF LIFE LONG LEARNING AND EXTENSION UNIVERSITY OF MUMBAI was also received .

The internship programme was well coordinated by DLLE CONVENOR Mrs. Rajalakshmi along with the student managers Carol Mascarenhas and Ankita Ochani . It was an wonderful experience for the students.

2018-19

**SIES (NERUL) COLLEGE OF ARTS, SCIENCE AND COMMERCE**  
**B.COM. (FINANCIAL MARKETS)**  
**Academic Year: 2018-19**  
**REPORT ON INTERNSHIP**

Months of Commenced: November/ December to January

No. of Students selected: 43

Objective: To increase the academic and industry interface

The students of class SYBFM and FYBFM attended a two months part time internship program with IIFL financial service Ltd.

IIFL is a financial services conglomerate which was started by a group of passionate entrepreneurs in 1995. The genesis of IIFL lies in the power of dreaming big and believing in your dreams.

IIFL was the pioneer in the retail broking industry with its launch of 5paise trading platform which offered the lowest brokerage in the industry and the freedom from traditional ways of transacting. Our strength has been to continuously innovate and reinvent ourselves. IIFL's evolution from an entrepreneurial start-up in 1995 to a full range diversified financial services group is a story of steady growth by adapting to the dynamic business environment, without losing focus on our core domain of financial services.

Role and Responsibility:

1. Analyze how working in capital markets can help
2. Learn fundamental & technical analysis
3. Create financial awareness
4. Learn how investments work as growth propellers
5. Find the avenues in the capital market
6. Understand the stocks, currency, commodities, mutual funds, insurance and other financial instruments

AM

to me

The timing for the internship will be decided after the shortlisting of Students. Because I need to arrange the Manager and the Training room. So, here the no. of Students matters.

As and when you provide with the Student list interested for this internship. I'll confirm you the timing or it may be according to the selected students.

Apart for the MOU, We don't sign such documents for an Internship. We just provide with the Joining letter and Experience Letter (many perks as well) to the students which help them in their future.

NOTE: this is Part-time internship (2-3 hrs a day) 2 days off a week

On Fri, Nov 9, 2018 at 11:00 AM priya.dukhanded <priya.dukhanded@gmail.com> wrote:  
Thank u... will look forward...

Just wanted to ask... what will be there timings as if they continue can there timings ve after 12.30 pm

Also can the company and our institution sign a MOA regarding internship

Subject: Official College Tie-up for Internship @ IIFL Securities Limited

**The company profile:**

IIFL is a financial services conglomerate which was started by a group of passionate entrepreneurs in 1995. The genesis of IIFL lies in the power of dreaming big and believing in your dreams.

IIFL was the pioneer in the retail broking industry with its launch of 5paise trading platform which offered the lowest brokerage in the industry and the freedom from traditional ways of transacting. Our strength has been to continuously innovate and reinvent ourselves. IIFL's evolution from an entrepreneurial start-up in 1995 to a full range diversified financial services group is a story of steady growth by adapting to the dynamic business environment, without losing focus on our core domain of financial services.

Today, IIFL Holdings Limited (Bloomberg Code: IIFL IN, NSE: IIFL, BSE: 532636) is India's leading integrated financial services group with diverse operating businesses, mainly, Non Banking and Housing Finance, Wealth and Asset Management, Financial Advisory and Broking, Mutual Funds and Financial Product Distribution, Investment Banking, Institutional Equities, Realty Broking and Advisory Services.

Nerul, Mumbai - 400706.

IIFL serves more than 4 million satisfied customers across various business segments and is continuously building on its strengths to deliver excellent service to its expanding customer base.

**About part time internship:**

Selected intern's day-to-day responsibilities include:

1. Analyze how working in capital markets can help
2. Learn fundamental & technical analysis
3. Create financial awareness
4. Learn how investments work as growth propellers
5. Find the avenues in the capital market
6. Understand the stocks, currency, commodities, mutual funds, insurance and other financial instruments

**Who can apply:**

Only those candidates can apply who:

1. are available for the part time job/internship
2. can start the part time job/internship between 21st Aug'18 and 20th Sep'18
3. are available for duration of 3 months
4. have relevant skills and interests

**Perks:**

Certificate, Job offer, Flexible work hours, Informal dress code, 5 days a week, Stipend (performance based)

Looking forward for working together with your students.

# SIES (NERUL) COLLEGE OF ARTS, SCIENCE & COMMERCE

## M.SC. ENVIRONMENTAL SCIENCE DEPARTMENT

### Report on Educational Visit at Matheran

One day Educational Visit of M. Sc. Part 1 & 2 was organised at Matheran on 1st September 2018. The purpose of the visit was to carry out two major practicals from syllabus namely the soil profile and hydrological cycle of a water body. Students were accompanied with the resources person Dr. Jyoti Koliyar.

Matheran is a hill station in the Raigad district of Maharashtra. Matheran plateau lies between  $18^{\circ} 55'N$  Latitude and  $73^{\circ} 51'E$  Longitude. It has an average elevation of 800 meters. The total area of the Matheran Eco-Sensitive Zone is 214.73 Sq.Km. in Karjat Tahsil.

The 17 students and Dr. Jyoti Koliyar reached Matheran at 08:30am on 1<sup>st</sup> September 2018. During the visit information about flora and fauna was given to the students. The soil samples from different horizons are collected and analysed in the lab to study the soil profile. The hydrological cycle cycle of Charlotte Lake was studied which is considered the main source of drinking water in Matheran. The water samples were also collected from the Lake to carry out analysis of various physico-chemical parameters.

The students were also made to understand the importance of forest ecosystem at Matheran. Fundamentals of Ecotourism and its application to Matheran also discussed with students.

The visit to Matheran has been a great learning experience for the students differing lot from theory.

### **Report of visit to Science Exhibition by Indian Women Scientists Association(Vashi, IWSA campus)**

Indian Women Scientists Association had organised an science exhibition at its campus in Sector-10, Vashi on 22nd of February 2019. The occasion to organise this exhibition was to celebrate Indian Science day. The Indian Women Scientists Association works to encourage women to undertake research activity. They help to develop scientific temper among the people, promoting scientific accomplishments among women scientists and understanding the problems of women in sciences.

The theme for the exhibition was "Water-uses, conservation and future". The timing for the exhibition was from 10 AM to 5PM. We were allotted the slot from 2-3 PM. The department of Atomic energy had displayed posters and models on various technologies developed at the various establishments of DAE.

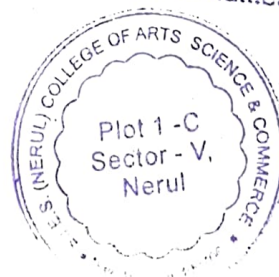

There were posters displaying information about constructive uses of radiation in various fields such as energy production, heavy water ( $D_2O$ ), medical technology and agriculture. There were models of actual Nuclear reactor, water purifiers used in nuclear power plants, heavy water samples, blood irradiator and samples of varieties of crops created by using irradiation. They explained us the importance of various technologies and samples presented over there. They cleared our misconceptions regarding radiation and their importance in our daily life.

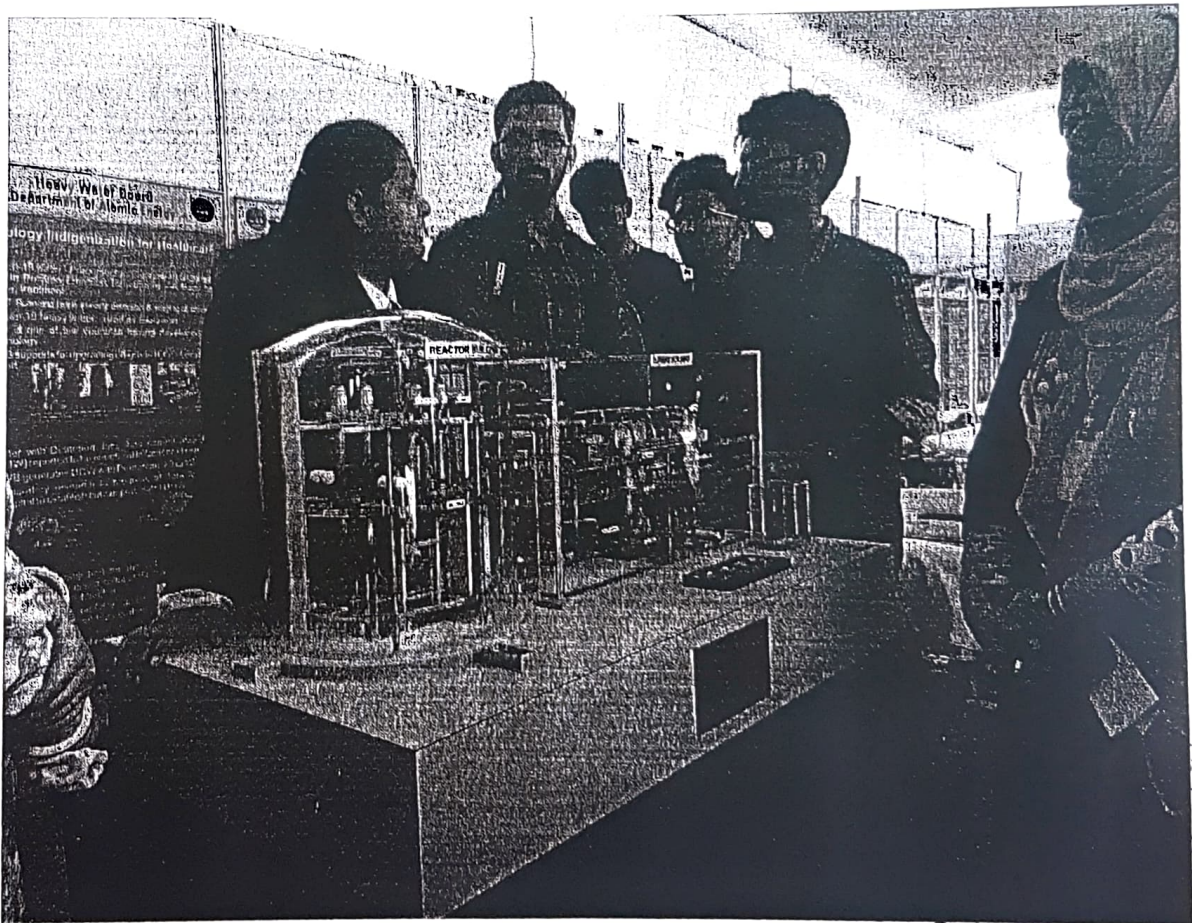

We then explored the campus as it has a very good garden with different species and varieties of flowering plants, orchids, grasses, bamboos, medicinal plants, air purifiers, biofuel plants and other useful plants.

The exhibition was very useful for understanding radiation and its importance and its uses.

**Report on Visit to Coastal and Marine biodiversity**

**By Sarvesh Mali, M. Sc. EVS, Part I**

A visit to Coastal and Marine biodiversity centre was organized on 20<sup>th</sup> March 2019 for both M.Sc. part 1 and part 2 students of S.I.E.S. college of arts science and commerce, Nerul. The objective of the visit was to study about the mangroves and the biodiversity in the mangroves.

The Coastal and Marine biodiversity is located in Airoli near the Thane creek. An area of mangroves of around 1690 hectares was declared as wildlife sanctuary by the Maharashtra state government in the year 2015. This centre is the first state of the art Coastal and Marine biodiversity centre in Maharashtra. It was inaugurated on 30<sup>th</sup> April 2017 by Shri Sudhir Mungantiwar, honorable minister, Finance and Planning, Forests, Govt. of Maharashtra. This area was declared as Wildlife sanctuary because of the presence of biodiversity.

We were accompanied by Prof. Kamini Thakur of SIES college ; Ms. Pooja Talekar of United Way, an NGO which works for the betterment of our environment and Ms. Preeti Dalvi of I Nature watch who provided us with all the information during the visit.

We first visited the centre buildings. The first building consists of the souvenir shop and administrative department. The second building comprised of the models showing information about the biodiversity present in and around the sanctuary. There was provision of interactive methods for getting information about the various aspects of marine life and its components.

After the centre, we headed out to the mangroves to see the biodiversity. We saw different species of mangroves like Milk mangrove, Grey Mangrove, Tall stilt mangrove, Red mangrove, Broad leaf orange mangrove, Sonneratia mangrove, etc. Mangrove associate trees like Tooth brush tree was also present. Aquatic fauna like Mudskipper, Fiddler crab, Giant mud crab was also seen. Birds like Common

Nerul, Near Mumbai - 400 706.

sandpiper, Black winged stilt and Greater as well as lesser flamingoes were also seen.

We visited the mangrove nursery which is also present at the centre premises. After wandering through the mangroves, we returned to the centre and saw a documentary on the Thane mangroves. A fun quiz on the mangroves was organized which ended in tie. Everyone posed for a group photograph and then we dispersed. We learnt a lot of things about mangroves and the biodiversity it sustains and the threats looming over it.

## M.SC. ENVIRONMENTAL SCIENCE DEPARTMENT

### REPORT ON VISIT AT NHRDF NASHIK

The study tour to Nasik was organized by the EVS department, S IES, Nerul on 29 and 30 March 2019. Total 19 Students from M. Sc. Evs part I & II visited to NHRDF Nasik on the 2<sup>nd</sup> day of tour along with two faculties. The NHRDF (National Horticultural research and Development Foundation Nasik) is located at chitegaon Phata Post-Darna Tal- Niphad. It was huge 18 acre campus in which NHRDF building is situated.

We reached there around 11am. Mr. Yadav addressed us and introduced about NHRDF. He told that NHRDF implements various projects funded by the Ministry of Agriculture Government of India; NHRDF National Horticulture Board (NHB) UNDP & ICAR on different vegetables particularly on onion and garlic. NHRDF is engaged in research and developmental programmes. Research projects are carried out on onions, garlic and other vegetable crops during the kharif, late kharif and rabi seasons at regional research station. Then they showed us the actual field where the research is being carried out. He also gave information regarding the research on onion. He showed use of Marigold plant as nematode barrier in seed crop. He told, replacement of onion and garlic variety is achieved to a considerable Extent through distribution of quality seeds. Seed are distributed through various centers of NHRDF in different part of the country.

Then, he gave introduction about laboratory on seed Technology plant pathology, Entomology plant physiology, pesticides Residue analysis .Soil testing, Biochemistry lab and we visited all those lab over there. Lab in charge showed us all the instruments and also gave information of principle and handling of instruments. The soil, plant and seed samples are tested or analyzed in this laboratory which are basically coming from farmers. NHRDF and quality of crops. He also cleared our doubts regarding their research.

The tour ended with lots of knowledge and good memories. We would like to thank Dr. Jyoti Koliyar and Kamini Thakur for organizing the visit.

### **REPORT ON VISIT AT WIC, NASHIK**

On 29<sup>th</sup> March 2019,

The EVS Department of SIES (Nerul) college of Arts, Science and Commerce had organized a study tour visit to Wine Information centre at Vinchur, Nasik. There were total of 19 Students and two faculty members. We arrived at Nasik station at 11.30AM then we headed off to WIC.

After having Lunch, we went to WIC production Unit. The Process Manager introduced himself and explained all details related to wine making process, types of raw material used in each and every step of wine making such as Crushing ,fermentation, Ageing and then Bottling Process.

Further, there was a Wine Tasting session was organized by WIC which was hosted by Mr.Vikrant Holkar. He started the session by giving Power Point presentation and explained all types of wines such as Red wine, White Wine and Sparkling wine. Along with that he also showed how to taste the wine by implementing '3S' rule which was first Smell, Swirl and then Sip. Thus, everyone with a glass of wine cheering calling 'Saunte' (French word) and sipped and this is how wine tasting session ended.

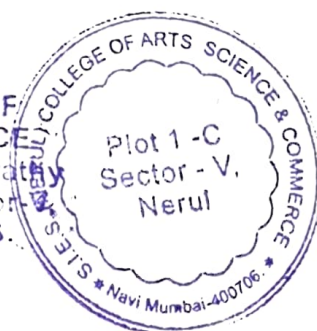

Along with Wine tasting Session, the WIC also arranged wonderful accommodation by providing Camping tents with delicious dinner.

This is how day ended with gaining a lot knowledge related to wine as well as taste with lots of memories and fun.

## VISIT TO INDIAN METEOROLOGICAL DEPARTMENT

25th March 2019

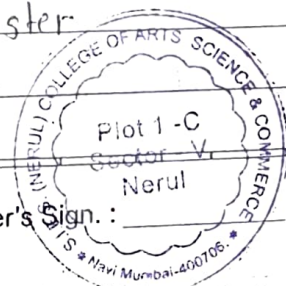

We the students of M.Sc. Environmental science department of SIES college, Nerul were taken to the Indian Meteorological department on the occasion of world Meteorological day i.e. 23rd March. The visit was organised to Regional Meteorological centre, Colaba, Mumbai which is one of the six Regional centres of Indian Meteorological department (IMD). They had organised an exhibition where all instruments used by them and the services provided by them were on display. This meteorological station was started on Indian Meteorological department has the responsibility for forecasting, naming and distribution of warnings for tropical cyclones in the Northern Indian ocean, including the Malacca straits, the Bay of Bengal, the Arabian sea and the Persian gulf. The regional centre in Mumbai maintains a dense network of weather stations across Maharashtra, Goa and Gujarat, monitoring the weather developments across these states. It provides weather information throughout 24 hrs a day, seven days a week.

Based on the application of weather forecasting service, it is further divided into sections such as hydrometeorological, Aviation, Agriculture, Disaster mangement, etc.

The first section of the exhibition organised by IMD Colaba was on Gramin Krishi Vigyan seva. Here they provide services to farmers related to irrigation and agriculture. Here the weather station machine a solar panel with which keeps on recharging itself. All the sensors attached provide information for wind direction, wind speed, amount of rainfall, humidity, Air temperature on an hourly basis.

There was a hydrogen balloon at the entrance of the atmosphere as the pressure increases the balloon goes up. At last the pressure at high level, the balloons bursts. This balloon gives high quality data about temperature, pressure, moisture at airplane level.

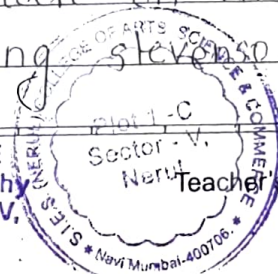

The next section had information about use of dopler effect to study the clouds and rainfall. The data found by this can be used for planning and deciding the Minimum support Price for agriculture products.

The third section was about the services provided by the IMD to the Aviation department for the operation of flights. This helps in ensuring the safety of the passengers as well as the crew.

The next section had model displaying information about cyclones and how they work

The fifth section had all the instruments related to weather forecasting on display. Instruments like Thermography, Barometer, etc. were on display. Recording relative humidity using Stevenson's screen

# VISIT TO ENVIRO-VIGIL

27th April, 2019

A visit was organised for the students of Environmental science department of SIES college Nerul to the Enviro-vigil on 27th April 2019. We were accompanied by Prof. Kamini Thakur. Students of both part I and part II were present.

Enviro-vigil is located in Kalwa Thane, in the premises of Chhatrapati Shivaji Hospital. It has been known to work for betterment of our environment for creating awareness among the people.

We reached the location at 10:30 am. We were greeted by Ms. Rupali of Enviro-vigil who provided us a tour of the campus and informed us about the various plants which were present in the premises. They had grown different medicinal plants in their Ankur theme park. The different plants were, mehendi, karward, vitamin plant, nirgudi, adulsa, gooseberries, neem, gunj, a rare root. They had grown vegetables in organic way which are consumed by their employees. They also have a vermicompost plant. They prepare vermicompost using earthworms and cow dung in vermicompost pits. The ready vermicompost is sold in the market at reasonable rates.

Date

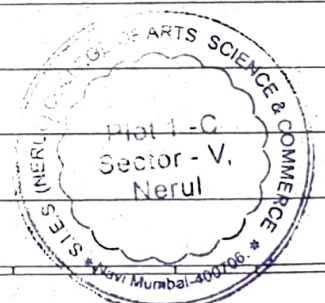

We were then shown a documentary on handling and management of hazardous biomedical waste. The main aim is to properly segregate all the waste into three categories which is then stored in 3 different coloured bags i.e. black, yellow and red. The most hazardous is the waste in the yellow bags as it contains soiled cotton, remaining body part, blood, etc. Enviro.vigil has its own biomedical waste treatment facility. They collect the biomedical wastes from the surrounding areas and dispose it using different techniques like incineration, shredding etc. The manager of the treatment plant also cleared our doubts. The visit end with this and we returned to our homes.

We learned a lot from this visit about biomedical waste and its treatment as well as different plants. We would like to thank our colleg Dr. Jyoti Koliyar and Prof. Kamini Thakur for arranging this visit.

SECURITIES AND EXCHANGE BOARD OF INDIA  
[SEBI]

September 22, 2017.

A field visit was conducted for the students of SYBBI to SEBI, BKC on September 22, 2017. The main objective of the visit was to make the students aware about the various activities relating to marketing, finance of the securities market, share market, debentures etc.

There were two sessions conducted to help the students understand about the theoretical concepts.

A power point presentation was set up by the SEBI officials in their conference room for the students.

In the first session, Ms. Sneha, Trainee Executive, SEBI explained about the functioning of SEBI and the meaning and importance of securities market, stock market, mutual funds, debentures.

The second sessions was conducted by Mr. Yazidi, AGM, SEBI explained various practices in the market & the regulatory norms. It was an interactive session where all the queries of the students were answered by him.

The visit was beneficial for the students, as they were taken through the practical aspects of the financial market.

The students were accompanied by Prof. R. Perumal

## REPORT ON VISIT TO THE RESERVE BANK OF INDIA

SIES, 11<sup>th</sup> January 2018,

The students of third year, Banking and Insurance department had gone for a field visit to the 'RESERVE BANK OF INDIA' on 10<sup>th</sup> January 2018 under the guidance of their course coordinator Mrs. Lata Lokhande. Around 50 students with all enthusiasm had gathered near the main entrance of the Reserve Bank of India to have a valuable and enriching experience of the country's apex banking institution 'THE RESERVE BANK OF INDIA' which they had always been studying about.

The students had an opening session at 10:30 am which included a powerpoint presentation on the topic 'Evolution of Indian Paper Notes (1770-2000)' which depicted the history of the Indian paper notes followed by a talk by Sir. Radhakrishnan (official of RBI from the cash management department). Sir Radhakrishnan took efforts to make the students understand the ways through which fake currency notes can be identified. The students found the session quite beneficial.

After the session, the students were led to the 'Monetary Museum' which displayed coins and notes from the ancient era. The students found the museum very interesting because it consisted of all the currencies and coins from the beginning to the recent time.

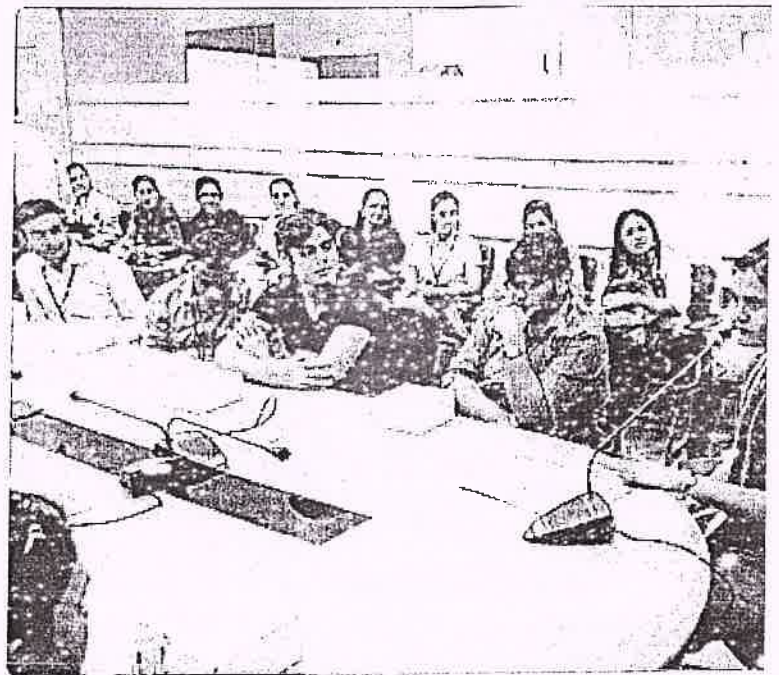

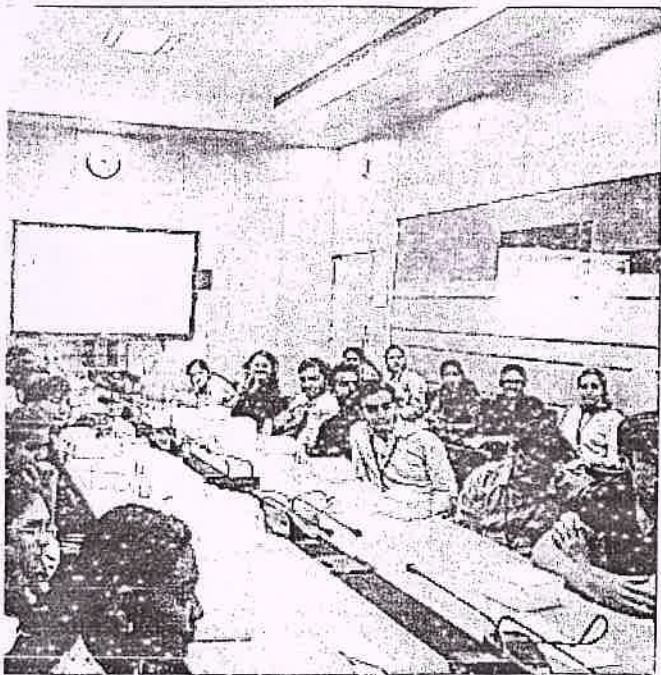

Moving on, the students were then taken to the old building of the Reserve Bank of India, where they had their second session conducted by two officials from the Financial Inclusion and Development Department. Amongst the two, was Sir. Shalindra Dekate who delivered a talk on the topic 'Main Functions of The Reserve Bank of India'. Further, a powerpoint presentation was presented which clearly stated the benefits the economy received from the Financial Inclusion initiative taken by the Government of India with the support of the Reserve Bank. The presentation also put forth the mechanism to discard the old/spoiled notes which was quite eye appealing to all the students.

Last but not the least, students were given an opportunity to solve their doubts and queries regarding the session. At the end, the students were provided with snacks and refreshments which marked the end of the visit.

According to the students, their visit to the Reserve Bank of India was an overall knowledgeable and beneficial trip they ever had.

## SIES(NERUL) COLLEGE OF ARTS, SCIENCE & COMMERCE

### B.COM. (ACCOUNTING & FINANCE)

#### VISIT TO SEBI

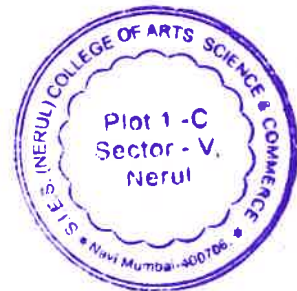

The Co-ordinator of BAF, Dr. Priyanka Mohan and the students of TY BAF visited the SECURITIES EXCHANGE BOARD OF INDIA on 28 March 2018 from 2.30 to 4.30 p.m..

The group was welcomed into a Conference hall which had Display screens at different convenient locations. The organizers had made slides regarding the history and functions of SEBI which were displayed on those screens. The session was conducted by Mr. Nitin Mhatre, an officer at SEBI, who threw adequate light on various practical aspects of SEBI. This was a different experience to the students who are otherwise exposed only to textbook knowledge.

Mr. Nitin Mhatre made the session interesting by making it interactive. The following were some of the key inputs given by him:

1. To be extremely wary at the time of trading. To understand the terms and conditions of various transactions before finalizing a deal.
2. As educated citizens, we should try and support the various measures taken by the Government and other regulatory bodies. Eg., demat.
3. Realize that investing is much more beneficial than just saving.
4. Career options available in SEBI and the means to get in.
5. Financial planning and its aspects.

Towards the end of the session, doubts of the students regarding scams in the Financial Market were handled. Insider trading and the role of SEBI as a regulator of various trading activities were also discussed.

From: Dr. Priyanka Mohan,

24<sup>th</sup> July 2017

Co-ordinator, B.Com.(Accounting & Finance)

SIES (Nerul) College of Arts, Science & Commerce,

Navi Mumbai – 400 706

To : Mr. Sanjay Borwankar

Vice-President – Operations  
BHARAT BIGLEE LTD.

Respected Sir,

Sub: Request for permission from SIES (Nerul) to visit your industry

SIES (Nerul) College of Arts, Science & Commerce has a special place among educational institutions of Navi Mumbai.

B.Com.(Accounting & Finance) is a course which is popular among the students and attracts candidates with high scores in their Std. XII performance. The syllabus of the Course is designed to cater to the demands of the modern day industry.

In order to provide practical knowledge to the students our College organizes industrial visits.

In this connection, I request you to grant permission to students of SY to visit your industry. This would supplement their theoretical knowledge and create a valuable experience.

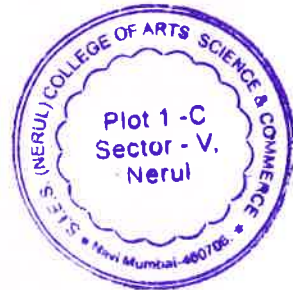

Thank you.

Looking forward to a favourable reply,

Yours sincerely,

  
Dr. Priyanka Mohan

Subject: Re: Request for "Visit to SEBI" in the month of August 2017

To,

Securities and Exchange Board of India,

Mumbai.

Subject : Confirmation for "Visit to SEBI" on 18th September 2017

As per the telephonic conversation held today we would like to confirm our dates for 18th September 2017 for our SEBI Visit. The timings for the same would be 10.30 to 12.30.

We have total 60 students of T.Y.B.Com from B.Com Department who have IAPM as a course subject and would be interested for the visit.

Kindly let us know if any further procedures required.

Hoping to hear from you soon.

Thanking you.

Kavita Chakravarty

(Asst. Professor)

SIES (Nerul) College of Arts, Science & Commerce,

Nerul.

**S.I.E.S (NERUL) COLLEGE OF ARTS, SCIENCE & COMMERCE**

**B.Com Department**

**SEBI VISIT: A PROGRAMME ON INVESTMENT AWARENESS**

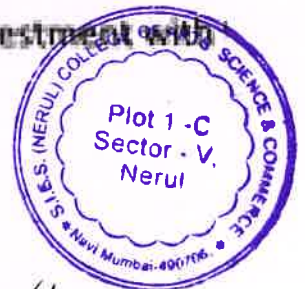

**Date:- 18<sup>th</sup> September, 2017**

The B.Com Department of SIES College (Nerul), organized a one day visit to SEBI Bhawan on 18<sup>th</sup> September, 2017, between 10:30 am to 12:30 pm as a part of the 'PROGRAMME ON INVESTMENT AWARENESS'. The students have 'Investment Analysis and Portfolio Management' as subject in their curriculum and hence the above mentioned seminar proved to be of great use for them.

The students assembled near SEBI Bhawan around 10:30 am and was welcomed with warm greetings and led into the Conference Hall. The speaker for the day enlightened the students with the various benefits of investing activities and also provided them with the various options where they can invest their savings. The students were told about the added benefit that they get if they manage their money at an early age. It threw some light on the topics like Financial Planning, Personal Budget, Risks and Returns associated with the investment decisions made, etc.

The seminar was informative as it helped the students to get a more detailed view of investments and its various aspects. The doubts and the queries raised by the audience were cleared with great calmness. They were also informed about the 'Investor Protection and Redress Mechanism' that was setup by SEBI with the primary objective of protecting the investors in the securities market and the way by which students can contribute to investment protection by reporting any fraudulent activity on the SCORES website.

The seminar will act as a base for the future understanding of the students on the topics related to Investment and will be of great use as it will help them to differentiate between needs and wants and channelizing the surplus fund by way of investment with the aim of getting returns.

Big chawk point, One Tree Hill point, Belvedere point, Olympia Race course, Loards point, Charlotte lake. There are many picnic spots like echo, steen cliffs, deep ravines and squirrel.

Charlotte lake is a scenic scene spot in close proximity to veranden in forest. It is primary source of drinking water for the Jiral people. The ancient Pisarnath temple is located at one end of the lake as also two beautiful picnic spots, lovisa point and echo point. During the monsoon season there are water falls that spill out around the lake which make a splendid site. These dry up in summer even as the lake continues to shrink.

Matheran is encircled by red mud paths with as many as 33 lakes / look out points that offers pictureque views. The evaporative phase of the cyclic purifies water which then replenishes the land with fresh water. The condensation of water vapour to liquid water droplets in the air takes place and creates clouds water from the clouds them falls to the earth as rain. The water is again stored in the lake, some water goes into the ground.

and although the horse riding is very famous here. Races vary depending on the horses and the distance is the great option for horse lovers.

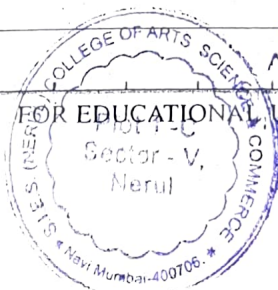

The central Bazaar is most to visit for all those who want a taste of local culture. There a little shops that have leathers goods, hats, footwears and sweet chikkis. Certain flowers like Karvy or strobilanthus callosu are in full bloom. The forest ecosystem at matheran is unique and remarkable in many respect. Its dense and lotty arboreal growth Pecular blending of evergreen and moist deciduous species and more over a high percentage of endemism and almost undisturbed natural climatic climar formations. There are many fruits that are available in matheran hills. Black berries called Jambhols in marathi are abundant here. They are deep black in colour and very sweet in taste, though they are much smaller in size compared to what we find in other parts of Maharashtra Matheran's honey has a reputation of it's own. It's found in three or four different varieties. Besides these mangoes are also obtained during the season and also Jack fruit and smaller black berries known as Karvand in the vernacular language.

## Flora and Fauna:

There are several typical trees, little shrubs, wild vegetation, flowering plants and also some plants imported for purposes of decoration. It is not possible to give description of each and every point of plant. The most common trees, here are Anjani and Kadu Jumbol (Par Jhambul), Hirda, Kumbal, Shikakai, Dangli, Dinda etc, are the shrubs and plants present in matheran hills. Fauna includes many birds like the cuckus, bulbils and various other birds. There are many birds also which seem to carry on a conversation with each other, one bird calling and another answering in a different tune. The most prominent amongst birds are the sunbird, the Robinson, spotted dove, parrot, purple honey, sucker and the shriek. The crow is markedly a rare bird here and also panthers, animals, lions are hardly found here. There are many monkeys and are commonly found here. Lapping from trees to trees, or climbing the house tops. They are a restless race with bulley bodies and black faces, though some have a red or a whitish tinge in the colour of their faces. It is a very funny spectacle to see their female clutching their little ones close under their bellies and jumping. Horses are many in matheran, few are used for transportation for luggage and other are for visitors travelling. There are around 500 horses in matheran a great way of communicating too, there are numer

## Matheran attraction:

Matheran Toy train, it's a astonishing to travel which were a huge attraction till 2016. And now its services have been terminated for a while walking is very rewarding for all nature lovers and throughly enjoyable after the monsoons when wild flowers havening with butterflies are in full bloom one can commonly find garden langurs, gaint squirrels and other wild life on the way. There are multiple points all over matheran which provide stunning views of the valley below one activity that should not be missed at matheran is valley crossing the trip is from the Honey moon to the lovisa point, both of which are at a walking distance from the verandah. The points located on a shaped mountain and one has to go from one side to the other which is nearly 900 feet, hanging on a rope with breath taking view of the 1000 feet of valley below for the adventurous treckers, matheran is a pure treat. There are multiple routes of matheran for trecking. The must famous being the one through the Garbert plateau.

## Climate and Soil profile:

Matheran is known for its red soil or the laterite soil the laterite can produce a poorer soil but when completely decomposed and well mixed with vegetable mould can support large trees, especially at higher elevations like matheran. The laterite soil found in matheran, having  $\text{pH}$  value of 4.5 and high percentage of silica and alumina for the growth of semi-evergreen type forest. The depth of top soil is rich in essential organic matter which varies from 15 cm to 35 cm. On the plateau we have collected soil sample each layer or zones of soils and analysed in lab by studying the soil profile throughout the climate in matheran is cool, pleasant and salubrious. The average temperature of the hill has increased by 2 while the annual rainfall has decreased by 180 mm. The annual temperature ranges from  $17^{\circ}\text{C}$  to  $30^{\circ}\text{C}$  with the lowest upto  $7^{\circ}\text{C}$  in winter.

## Conclusion:

It was a great experience visiting Matheran. We studied various parameters like soil, hydrological cycle, bio-diversity of the region. It's a beautiful spot for eco-tourism, but the fact cannot be neglected that it is also facing certain problems, which have restricted that sustainable development of Matheran e.g. deforestation, no possible potable water facility, decline of wildlife and bird species etc. Some actions need to be taken to overcome the problems, to maintain it as an ecotourism spot.

## Acknowledgement:

We are grateful to Mrs. Jyoti Koliyar for making the visit possible.

Ramky MSW

Date : 24<sup>th</sup> March 2018

Time : 11:00 am

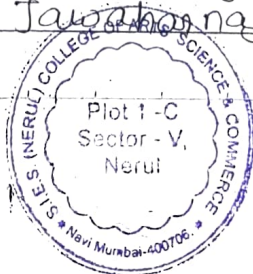

Location : Jawaharnagar (Hyderabad)

Jawaharnagar is a village located in Medchal district, near Kapra, India. It falls under Shamirpet mandal. Now it became separate Mandal "Jawaharnagar Mandal". The greater Hyderabad Municipal Corporation (GHMC) has its dumpsite located in this village. Over an area of approximately 350 acres and about 3500 metric tons of waste generated in the city of Hyderabad dumped over here on a daily basis. New facilities for resource recovery from waste such as compost, regular, RDF (Refuse Derived fuel) are and being created under PPP (Public Private Partnership) through reclamation and remediation of dumpsite area.

It covers an area of 15,000 acres and is home to premises educational institutions like BITS pilani Hyderabad campus, Biotech park, Meditech & valley are all located here. XLRI is setting up its campus here on 15 acre plot.

Ram

Ramky, the firm which bagged the contract for developing an Integrated municipal solid waste Development Project, has been given permission for 'developing' the Jawaharnagar garbage dump yard.

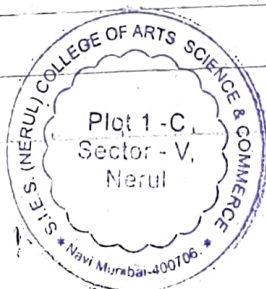

PRINCIPAL  
S.I.E.S. (NERUL) COLLEGE OF  
ARTS, SCIENCE & COMMERCE  
Sri Citandrasamendra Samswathy  
Vidyapuram, Plot No. 1-C, Sector-V,  
Nerul, Navri Mumbai - 400 706.

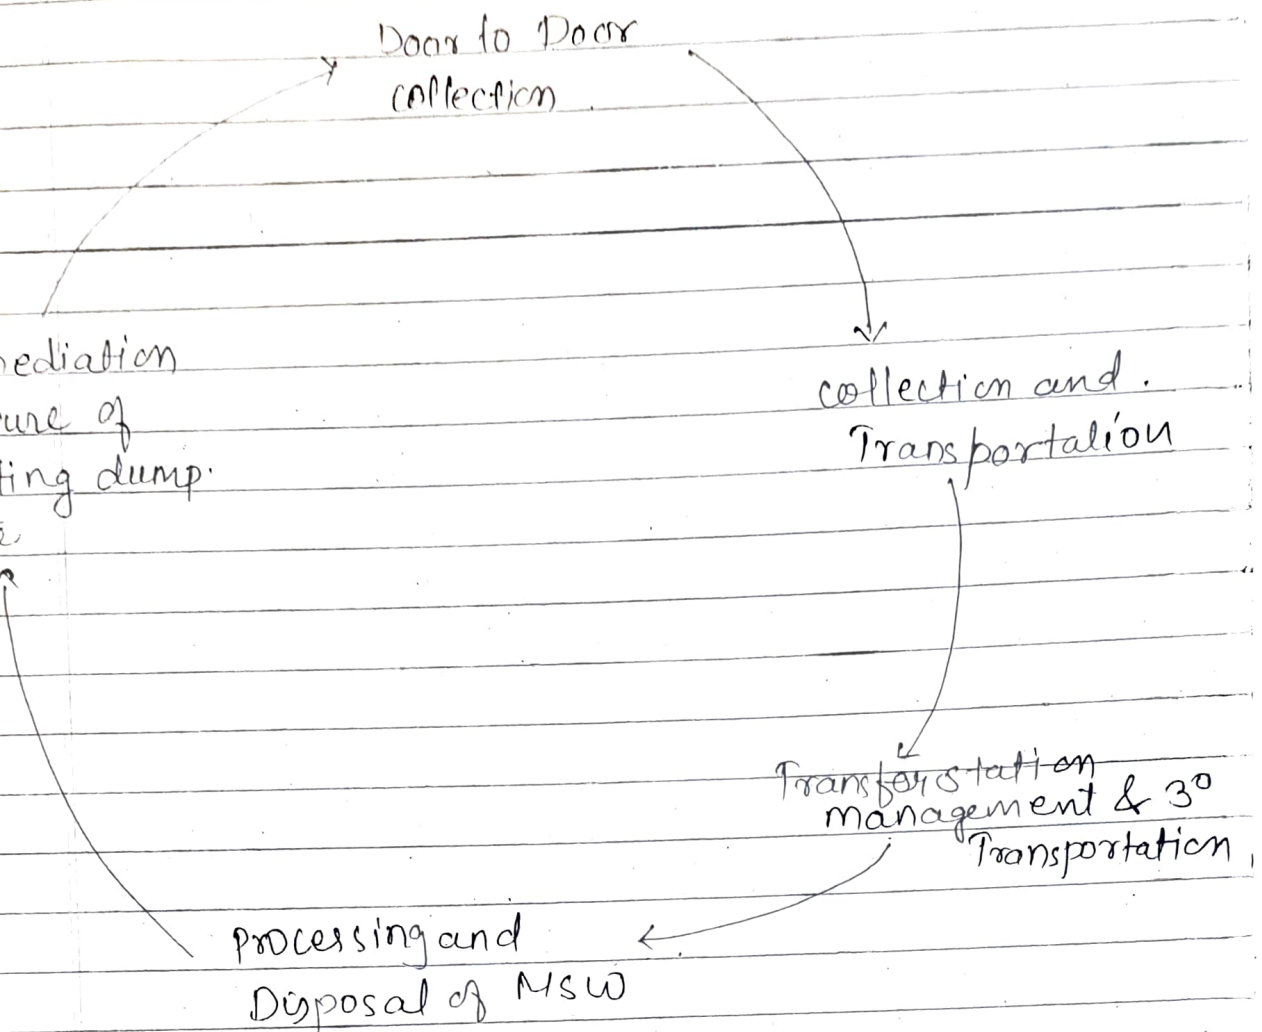

The entire integrated project involves the firm to get involved in primary garbage collection from the households, secondary transfer of garbage from the transfer stations to the dump yard and the tertiary part of processing the municipal solid waste there, GPMC has decided to allow the tertiary part first.

The 5,000 tonnes of waste that the 100 acre dump yard receives everyday is largely made up of garbage that cannot be segregated. Legacy leachate pond at Jawaharnagar which has collected leachate formed since the 1990's.

An official of the Ramky group, which is expensive for the management of the dump yard, said that the release of leachate is a major concern. It is more difficult to handle than the landfill itself because it is a cocktail of heavy metals and chemicals. My David M. an official from Ramky said "It is toxic and it cannot be released into the environment". He add that 50% of the leachate is sent to solar evaporation ponds located adjacent to the site. Toxic solid chemicals that are left behind is put into landfill.

ARTS, SCIENCE & COMMERCE  
Sri Chandrasekharendra Saraswathy  
Vidyapuram, Plot No. 1 - C, Sector - V,  
Nerul, Nav Mumbai - 400 706.

## Environmental Significance.

Ramky is the industry or the operation area where the solid waste is reused, recycled and reduced. Here the waste is observed and separated according to the principles of sustainability, the several goals are been followed.

venue: Nehru Zoological Park.

Location - Hyderabad, Telangana

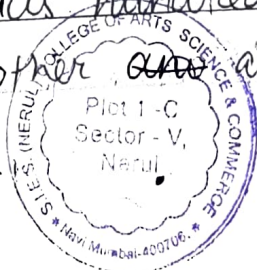

Park Timings: 9:00 AM - 5:00 PM.

Nehru zoological Park also known as Hyderabad zoo or Zoo Park is a zoo located near Mir Alam Tank in Hyderabad, Telangana. It is one of the most visited destinations of Hyderabad. It was established on 26<sup>th</sup> October 1959 and was opened to public on 6<sup>th</sup> October 1963. The park is run by forest department, Govt of Telangana and named after first prime minister Jawaharlal Nehru. The zoo has around 1100 no. of animals including 100 species. The park covers an area of 153 hectares and 243 hectares of Mir Alam lake tank. The park also has wide selection of birds & reptiles. It is one of the largest animal parks in country, acting as a museum as well as zoo.

### Animals And Exhibits:

The zoo has nearly 100 species of birds, animals & reptiles including indigenous animals like the Indian rhino, Asiatic lion, Bengal tiger, panther, gaur, Indian elephant, slender loris, python, as well as deer, antelopes & birds.

The Mir Alam Tank with its unique multiple arched band attracts hundreds of migratory birds, providing another attraction for the zoo.

Date: / /

There is also a nocturnal house at the zoo which reverses the sleep patterns of the animals by keeping the room dark, so that they were awake while visitors are at the park. Beiboons and chimpanzees etc in the primate exhibit can also be admired. There are thousands of colourful fish at the aquarium. Tourist must <sup>also</sup> have a look at fearsome, cold-blooded animals including snakes, crocodiles from a safe distance in the reptile enclosures. The exhibit also includes fruit bats, slow loris, civets, leopard cats, bear owls, mottled wood owls, fishing owls & great horned owls. There is also a dino park, butterfly park & tortoise house.

Attractions:

There are many attractions in this zoo. The zoo runs multiple safari trips each day through the safari area where animals such as Asiatic lion, Bengal tiger, sloth bear etc are housed. Visitors can also go on safari in secure zoo to spot the lions & tigers in natural environment. There we can watch Asiatic lions roam around their natural environment i.e (12-hectare) habitat. The tiger area is even larger and features sloths, bison, and other animals. The zoo also has special educational shows & feeding sessions scheduled each day. Other attractions include natural history, museum, and a train. If you don't want to walk, train facility is also available which will take you around the zoo to locate your

# SIES (NERUL) COLLEGE OF ARTS, SCIENCE AND COMMERCE

## B.COM (BANKING & INSURANCE)

### REPORT ON SEBI VISIT

The Department of Third year B.Com in Banking and Insurance of SIES College of Arts, Science and Commerce, Nerul organized a visit to the Securities and Exchange Board of India (SEBI), Bandra on 8th February, 2017. A total of 50 students came for the trip along with one faculty member- Mrs. Lata Lokhande. The visit was an extremely enriching experience for the students and the faculty as well.

The aim of the visit was to orient the students on the role and functions of SEBI in regulating the Capital Market and investor protection. A lecture along with a presentation was delivered by Mr. Pawan Shah in the conference hall of the office.

SEBI is the regulatory body of the securities market in India. It also regulates the commodity market as the regulator of the commodity market. The Securities and Exchange Board of India was enacted on April 12, 1992 in accordance with the provisions of the Securities and Exchange Board of India Act, 1992. It is an autonomous, regulating and quasi judicial body. The head office of SEBI is situated in Mumbai, with 4 regional offices in New Delhi, Kolkata, Ahmadabad and Chennai.

The presentation focused on the fact that investment in share market requires a deep study of the company as well as analysis of the market risk. Both profit and losses may be possible in short run, but sooner or later, one can get substantial returns if a careful study has been done. There must be a detailed study of the financial statements of the company. SEBI has also made disclosure norms mandatory for all companies in which all important details regarding the company such as its directors, mergers and acquisitions, past performance, etc., have to be mentioned. It has also introduced a system of Initial Public Offering (IPO) grading, on a scale of 1 to 5, based on the company's fundamentals. But several other factors also affect movements in the share market.

Mr. Pawan Shah covered many aspects relating to financial planning while focusing on the role of SEBI in monitoring all the market participants. The security market comprises of two parts; the Primary Market, which deals with the IPOs and involves merchant bankers; and the Secondary Market, which involves trading between buyers and sellers through brokers. Working in the share market requires a demat (dematerialised) account. In this account, transactions of shares take place in electronic form. There are various benefits of electronic trading like no wear and tear, theft of share certificates, time delays, inconvenience and other related issues as happened earlier when trading was not done electronically.

The speaker also briefed about the mutual fund, pension fund & insurance funds and micro finance. The speakers interacted with the students about the recent cases of frauds & financial mismanagement in the corporate world.

investor protection through awareness and grievance redressal, development and regulation of the share market were also included in the presentation. SEBI has taken various initiatives to promote investor education by organizing visits to SEBI, appointing resource persons in institutions and through mass media campaigns. The investor needs to be aware regarding their investment decisions as returns are never possible in short run. Investors should always invest in entities registered with SEBI. The investor can also lodge complaints on the online portal 'www.scores.gov.in' of SEBI. Any type of query can be enquired by mailing to 'asksebi@sebi.gov.in'. The students were also shown some video clips on investor awareness. The workshop was followed by a question/ answer session.

Thus the session proved to be very interesting and informative. It provided the students a glimpse of the regulating authority of security market in India, along with important information for being an aware investor.

### B.COM (ACCOUNTING & FINANCE)

#### VISIT TO SEBI

The students of TY BAF and their core faculty Prof. Rajalakshmi Ananthrama visited the SECURITIES EXCHANGE BOARD OF INDIA on 17 Jan'2017.

The group was welcomed into a Conference hall which had Display screens at different convenient locations. The organizers had made slides regarding the history and functions of SEBI which were displayed on those screens. The session was conducted by Ms.Amruta Shukla who threw adequate light on various practical aspects of SEBI. This was a different experience to the students who are otherwise exposed only to textbook knowledge.

Ms. Amruta Shukla made the session interesting by making it interactive. The following were some of the key inputs that were given by him:

1. To be extremely wary at the time of trading. To understand the terms and conditions of various transactions before finalizing a deal.
2. As educated citizens, we should try and support the various measures taken by the Government and other regulatory bodies. Eg., demat.
3. Realize that investing is much more beneficial than just saving.
4. Career options available in SEBI and the means to get in.
5. Financial planning and its aspects.

Towards the end of the session, doubts of the students regarding scams in the financial market were handled. She also discussed about Insider trading and the role of SEBI as a regulator of various trading activities similar to that of a referee in a football match.

Respected Sir/Madam,

Something's not right.

We're having trouble connecting to Google. We'll keep trying...

As per your request for visit to SEBI, your visit to SEBI is confirmed for the date as detailed below:

Date : January 16, 2017

Time : 10.30 AM to 12.30 PM.

Venue : SEBI Bhavan, Plot No. C-4-A, G Block, Bandra Kurla Complex, Mumbai - 400051

We further request you to confirm your visit to SEBI.

Do let us know if any clarification is required.

Thanks & Regards

2016-17

DEPARTMENT OF MSC IT

INDUSTRIAL VISIT REPORT (2016-2017)

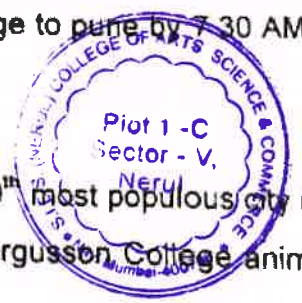

On 6<sup>th</sup> February 2017, the Department of M.Sc (Computer Science) and M.Sc (Information Technology) has organized an Industrial visit for 36 students of both departments who were accompanied by two of the faculties of the same department. They visited to the Fergusson College, located in Pune, Maharashtra.

The reporting time of all students in college was 6.30 A.M. The instructions were given by faculties before getting into the bus provided by tour operator. Bus departed from college to pune by 7.30 AM and reached around 11.30 AM.

Pune is the second largest city in the Indian state of Maharashtra and the 9<sup>th</sup> most populous city in the country. Now as per the schedule the group of students was taken to the Fergusson College animation studio.

After entering the animation studio Mr. Shukla took charge and briefed up about the animation process. Mr. Shukla also mentioned about every activity happening in the animation studio like green screen VFX

 Vidyapeetham, Sector-V,  
 Nerul, Mumbai-400 076.

Effects, Editing, Sound Room to match the sound of the movie with the sound inside the room and a light board on which the animation drawing where made. He also answered the queries of the students.

Firstly, we were taken to the studio where all the explanation took place regarding sound effects in videos. The recording studio was sound proof wherein, when the actors did their audio recording there was no outside disturbance. An especially highly configured PC's were used for editing the movie. Previously the actors did their acting part in front of the green screen and later the visual effects were given accordingly. This animation is done using various animation tools like MAYA, AVS video Editor, Lightworks. By 1.30 PM we finished with the visit to the animation studio. The industrial visit to Fergusson College animation studio was an enriching experience for students in getting live exposure of visual animations which will enhance and encourage them in their further career enhancements.

In second half all went to Sentosa Resort and had lunch over there. After lunch they enjoyed water rides.

Departed from Sentosa Resort At around 5.00 PM and reached college at 8.30 PM.

## SUB : ITINERARY FOR 1 DAY INDUSTRIAL VISIT TO PUNE

Greetings and good wishes.

We, at People 2 Places Pvt. Ltd. - Complete Travel Solutions, thank you for giving us your valuable time and opportunity to fulfill the travel needs of your organisation. We shall try to the best of our abilities to see that you have a safe, enjoyable and memorable journey.

### ITINERARY:

- DEP FROM COLLEGE @ 7.00 AM BY NON A/C BUS
- I.T INDUSTRY
- HAVE BUFFET LUNCH IN SENTOSA ( VEG)
- ENJOY IN SENTOSA WATER PARK
- DEP FROM SENTOSA @ 6.00 P.M
- ARRIVAL AT COLLEGE @ 8.00 PM

- Breakfast - Kerlake  
23/1/17

### INDUSTRY:

C-DAC / CYBAGE OR SIMILAR

### Note:

- REQUEST LETTER FROM COLLEGE IS REQUIRED SEEKING PERMISSION FOR STUDENTS TO VISIT THEIR PLANTS
- INDUSTRIAL VISITS WOULD BE CONFIRMED AFTER FINALISING THE DATES

### COMPLIMENTARY:

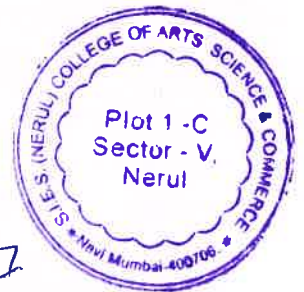

- CAP
- 1 LITRE MINERAL WATER PER PERSON

### PACKAGE COST:

- RS 1150/- PER PERSON

NOTE: RATE QUOTED ON MINIMUM GUARANTEE OF 50 PAX

Trust this is satisfactory. We look forward to a long and continued association with your esteemed organisation. Please feel free to contact me if you have any queries or need further information.

Sub: Permission for visit to Matheran

Dear Madam,

The Department of M.Sc. Environmental Science s planning to organize 1 day visit to Matheran on 24<sup>th</sup> September 2016, Saturday for the M.Sc. Part I students. As per the syllabus, the students have to perform 2 practicals at Matheran namely, Hydrological cycle and soil moisture. This visit is conducted every year for the Part I students. The total number of students going to the visit will be 20 accompanied by 1 faculty. The students will bear their own cost of travelling and food.

This is to request you to kindly give permission to organize the visit.

Thanking You,

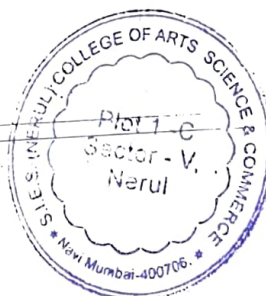

Yours Sincerely,

Matheran Visit Report

15/10/2016

The students of M.sc Part 1-Environmental Science Department from SIES College, Nerul visited Matheran on 15<sup>th</sup> October 2016 along with the faculty Dr. Jyoti Koliyar. Matheran is a hill station and an important Ecosensitive region which comes in Karjat Tehsil. The exercise is carried out every year to carry out two major practicals from the syllabus namely, the soil profile and hydrological cycle of a water body. The soil samples from different horizons were collected and were analyzed in the lab to study the soil profile & the hydrological cycle of the Charlotte Lake is studied which is considered the main source of drinking water in Matheran. The water samples were also collected from the Lake to carry out analysis of various physico-chemical parameters.

Dr. Jyoti Koliyar gave the information about the flora & fauna found in Matheran region and around 23 species of flora and 10 native fauna including native, endemic, rare & exotic were studied.

The students are also made to understand the fundamentals of Ecotourism and its application to Matheran. The visit to Matheran has been a great learning experience for the students of MSc EVS Part I, differing a lot from theory.

## REPORT ON URBAN FARMING WORKSHOP

A one-day workshop on "Urban Farming Demonstration" was organized by TERI - The Energy and Resource Institute team on Saturday, the 26th of November, 2016 at Sector 11, CBD- Belapur, Navi Mumbai.

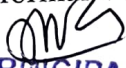

Urban farming is growing food for urban markets in close proximity to where a community of people live. It is a great way for city-dwellers, especially for little ones to re-establish their relationship with nature. The aim of the workshop was to encourage gardening at a small scale via kitchen garden, terrace garden due to lack of large plots for carrying out farming in urban areas.

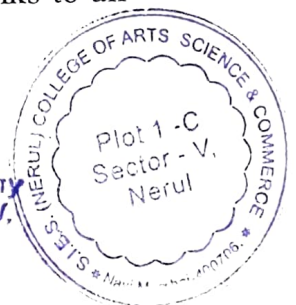

The workshop was well attended with students and professors, few senior citizen and amateur gardeners. Mr Prathamesh, who is a botanist headed the workshop. He started with the basics of urban farming and further moving to the advanced concepts related to farming at a small scale. He also mentioned that urban farming can be carried out in the balcony as well as terrace area. Latter, with the aid of presentations he showed the plants families suitable for growing in urban farms according to the season and also briefed the crop planning techniques. Moreover he mentioned some of the eco-friendly herbicides which can be used to controls the pest.

In the second session he briefed about the selection of tools and infrastructure needed for planting. He showed types of pots varying in their shape, colour and size suitable for growing different varieties of plant in it. Moreover he focused mainly on the potting mixture used for planting plants. The potting mixture mainly consisted of constituents which are eco-friendly. He briefly explained the composition and ratio of different constituents used for making the best potting mixture. He demonstrated the seed sowing techniques to get a clearer picture. At the end of the workshop, tools, plants seeds and all the necessary materials required for urban farming were put for sale.

The people present raised several queries during the workshop and Mr Prathamesh answered their all questions satisfactorily. It was indeed an interactive workshop wherein people got to know about the pros and cons of the urban farming. With this workshop, all the people present got a better understanding on to succeed with the urban farming.

The programme was successfully concluded with a formal vote of thanks to all the people present during the workshop.

Dear Sir

**Visit to the Reserve Bank of India, Mumbai**

Please refer to an e-mail dated December 05, 2015. We are pleased to welcome students of your College for an educational visit to Reserve Bank of India on **Wednesday, February 03, 2016**. The following is the schedule drawn for the programme:

11.30 AM. To 1.00 PM.

Interactive session.  
RBI's Auditorium, 25<sup>th</sup> Floor, Central Office, Mumbai – 400001.  
{Contact Person: Aditi Joshi, Asst. Manager, Financial Inclusion and Development Department Tel.No. 22613943 ext.3943 }

1.30 PM. to 2.15 PM.

Visit to RBI's Monetary Museum.  
Ground Floor, Amar Building  
Sir. P. M. Road, Mumbai – 400001  
{Contact Person: Shri P. V. Radhakrishnan, Curator; Tel. No. 2261 4043, 2261 0801}

2. Please arrange to send by January 29, 2016 on institution's official Letter Head the list of participants who will be visiting RBI on February 03, 2016 to enable us for security clearance. All participants are advised to carry their college Identity Card. Please note to inform us at least two days in advance, if you are unable to undertake the visit. Please feel free to contact us on any matter relating to the programme.

Yours faithfully,

*Indira*

## REPORT ON NSE VISIT

Date: 02/09/2015.

Place: National Stock Exchange (NSE).

Time: 10:30 a.m. – 1:30 p.m.

As part of industry visits, the Third Year students of Banking and Insurance were taken to the National Stock Exchange on 2<sup>nd</sup> September 2015. The main objective behind the visit was to make students aware about different aspects related to capital markets and to give an insight on how stock exchanges work.

The students along with Prof Lata Lokhande started off at 7:30 am and took approximately two hours to cover the distance. NSE is located at Bandra Kurla Complex Mumbai, Bandra East, Mumbai.

The session was taken by Ms. Jyoti Budhia. She is working as a broker and had 30 years of experience in that field. She started the session by giving us inputs on basics of trading and discussed some common terminologies. Later she explained concepts like short sale and also gave real life examples linked to the topic for better understanding of the students. Then once we were clear with the basics she showed us how trading is done on NSE's Screen Based Trading System - NEAT (National Exchange for Automated Trading). Further she explained topics like Derivatives, Options, Futures, Swaps etc. The various courses conducted by NSE was also discussed. She also gave the students suggestions and tips regarding career, Resume writing etc.

The session was very informative and interesting as not only theory was discussed but all the concepts explained were practically shown. Apart from that various new concepts and approaches were thought. It was a wonderful opportunity to talk with people who already work in those fields so as to get an idea about what to expect when we students get out in the real world. At the end the visit was successful and the objective of the same was accomplished

## B.Com Banking & Insurance

### Visit to RBI

A one day educational trip to Reserve Bank of India was arranged by SIES (Nerul) for students of T.Y.B.Com (Banking and Insurance) students on 18th February 2016.

By 10:30am all the students had reached RBI. Soon the students were escorted to the seminar hall of RBI. The seminar started at 11:00. Students were given an introduction about the various departments of RBI, history of RBI, gave insight about how a RBI works and showed some videos describing the role of RBI in detail.

At the end of the seminar students asked questions regarding RBI operations. The visit was very beneficial one students were able to gain knowledge about the working of RBI in practical sense.

## VISIT TO RBI

On 22 Sep'2015, a trip to RBI, Head-office was scheduled for the Third Year BAF students . The trip was organised to fulfil the purpose of enlightening the students about the role and functioning of RBI in the development process of Indian Economy.

The students were given the privilege to be seated in the official conference room of the RBI. The conference was addressed by Mrs. Naina Dhuru , followed by a presentation and an audio visual. The presentation was followed by a question answer session . We extend a hearty thanks to RBI, for all their support & co-operation.

The conference ended with lot of inputs like portraying the working of the RBI as a guardian of financial institutions and its growing network of organized banking in the rural and urban India.

After the departure from the RBI head- quarters, the students advanced to the RBI Monetary Museum, where they witnessed the currencies from old era to modern era.

Ms. Stella Maria Rodrigues was the teacher who accompanied the students.

RBI trip was a learning experience & a pleasant change for all the students. We look forward to more of such trips

### Leadership Excellence series

On 26<sup>th</sup> June 2015, S.I.E.S (Nerul) College of Arts, Science and Commerce organized the first of the Leadership Excellence series, in association with ASQ Mumbai LMC. The virtual lecture held by Dr Manu Vora from Chicago ,USA was the fruit of many months of discussions and good use of technology. The Principal Dr.Rita Basu, Vice Principal Koel Roy Choudhury, Mr. S.V. Viswanathan, Member of the Managing Council and the I.T Staff worked together for this session.

The topic for the first session was 'Leadership Excellence'. The speaker for the session Dr. Manu Vora is Chairman and President of Business Excellence, a global quality management consulting firm. He is a past Vice President of ASQ, ASQ Fellow and certified Quality Engineer. He is a sought after speaker on Business excellence and quality management topics.

Over 150 students along with faculty members participated in this virtual classroom session. During the session, Dr. Manu Vora discussed various leadership models with examples. He also discussed the requirement for effective leadership. The program was very effective and informative for the students.

# MAHARASHTRA NATURE PARK

**Place:** Opp. Dharavi Bus Depot, Mumbai, Maharashtra-400017

**Major Attraction:** Many species of birds, butterflies and trees.

**Area Covered:** 37 acres

**Ideal Time To Visit The Park:** From mid-October to February-March

On 4<sup>th</sup> March 2016, Department of M.Sc. Environmental Science of SIES College (Nerul) arranged a visit to Maharashtra Nature Park – a 37acre man-made forest created on a garbage dumping ground. This educational park was the brainchild of Shanta Chatterji, a busy corporate lawyer and the chairperson of World Wildlife Fund (WWF). As a citizen she is very much concerned about environment conservation, which is deteriorating and needs immediate action.

After receiving the letter of Permission from MNP, SIES students with two faculty members (Mrs. Pooja Desai & Ms. Kamini Thakur) went on a visit to MNP on 4<sup>th</sup> March 2016. We all assembled at the entrance of MNP at 9 a.m.

We were told to wear neutral colors so as not to startle the birds. Mr. Shailesh Gupta was our guide, he gave the detailed information of biodiversity present in the park (plants, fungi, mammals, amphibians, spiders, etc.) with the help of PowerPoint Presentation.

## **Background of Maharashtra Nature Park:**

When people come today to the Maharashtra Nature Park(MNP) they find it difficult to believe that, the forest they see before their eyes was once a city garbage dump. But that is exactly what it was less than 20 years ago. Conceived by the WWF-India in the late 1970s, an area of about 37 acres in the "H" Block of Dharavi-Curla Complex, which was earlier a garbage dump, was decided to be ecologically restored and developed as a Nature Park by MMRDA. Located on Bandra-Sion Link Road and on the Southern bank of Mithi River(which starts from Borivali National Park highlands skirting the airport and meets the Arabian Sea at Mahim Bay and which is one of the major drainages of Mumbai), this mini-forest is nothing short of miracle. Apart

  
**PRINCIPAL**

Vidyapurna Chowk, Nerul,  
Nerul, Maharashtra - 400706

from being a vital green lung for pollution-ridden Mumbai, the MNP also offers Mumbai's citizenry a welcome change from the din and bustle of city life.

Today experts from around the world visit the MNP to study how so many trees could grow on a dumping ground used for decades by the Municipal Corporation of Mumbai. Naturalists from the Bombay Natural History Society and the World Wide Fund for Nature-India confirm that MNP plays host to about 38 species of butterflies and more than 80 species of birds. What is more, as many as 200 tree species have been listed, many naturally planted by birds and insects. When you walk in the precincts of the MNP you will see numerous insects, amphibians and reptiles and together with the many species of fungi that thrive, the place has a feel of true woodland..

It was informed that the park [Type a quote from the document or the summary of an interesting point. You can position the text box anywhere in the document. Use the Text Box Tools tab to change the formatting of the pull quote text box.]

is visited by 1.5lakh people every year. The park had around 580 species of plants, 123 species of birds, more than 78 types of butterflies, 2 varieties of reptiles and amphibians and more than 30 species of spiders.

The first segment of the tour was a lecture on biodiversity of Maharashtra Nature Park. A PowerPoint presentation was shown to the students. The presentation was subdivided into various parts such as:-

1. Plants
2. Fungi
3. Amphibians
4. Spiders
5. Insects
6. Moth and Butterflies
7. Mammals
8. Reptiles
9. Birds
10. Myriapodes

### Nature Trail

After the lecture, the nature trail began around 11.15 a.m. Some of the animal species observed during the nature trail were Bronze back, Snake, Glassy tiger butterfly, Common crow butterfly, Plain tiger butterflies, bees (Aphis family), Signature spider, Tent web spider, Shikra, etc.

 Vidyaparant, Plot 1-C, Sector-V,  
 Nerul, New Mumbai - 400 706.

Plant species observed were : Ficus Bengalensis (Banyan tree), Lantane (exotic invasive species), Wild lady finger, Pencil tree ( said to have Cancer curing properties), Milk weed plant (poisonous plant but a host to Tiger butterfly). Cannon ball tree.

Moreover, an artificial lake had been created by rain water harvesting, which provides water to the park throughout the year. It was explained why dams are a bane to the environment and how to increase of catchment area can benefit to people and the environment in the long term.

- By the end of the trial Mithi River was shown, which is the best example of destruction of aquatic ecosystem due to pollution. Discharge of untreated effluent has completely destroyed the river and which has also led to destruction of Mangroves and other Wildlife.
- A vermi-composting pit was shown along with a greenhouse where plants are available for sale. This marked the end of the nature trail. After refreshment the students left from MNP by 1.30p.m.
- The trip to MNP taught how various spheres of the environment are interconnected and how abiotic and biotic components interact. Importance of conservation of Biodiversity was explained and it was emphasized that the wild varieties of all crops need to be protected. It was an enlightening experience to see and learn how a former dumping ground has been converted into a serene forest ecosystem.

**DATE:** 4<sup>th</sup> March 2016

**PLACE:** The Orchid Hotel, Mumbai.

Environmental science department of SIES college of Arts, Science and Commerce arranged a visit on March 4, 2016 to the orchid Hotel, Mumbai for the students of M.Sc.(EVS) part 1&2. Orchid Hotel is Asia's first five star Hotel to win the ecotel certification. It is located in Vile Parle (E) Mumbai, domestic Airport.

We reached at 2:45p.m. As we entered from the backside of the Hotel, we saw the walls beautifully decorated with the waste objects like CD's, broken instruments, rubber tires, plastic bottles etc. by the employees of the various department of the Hotel.

We were met by Ms. Neha Borkar Environmental officer of the Orchid Hotel. After security check, we were taken to the conference room where Ms. Neha gave us brief introduction about the hotel's background and presented the various green initiatives taken by the hotel and how it educated it staff and spread awareness among its guest to conserve the environment. After the briefing, we were divides into 3 groups and then Ms. Neha took us around the hotel to see some of the green initiative programs undertaken by the hotels like Vermicomposting Area, STP plant, The 70ft majestic waterfall and The Aai museum.

The Orchid Hotel Mumbai was founded by Dr. Vithal Kamat in 1995. The Hotel has been designed, built and maintained keeping various environment issues in mind, starting right from the design and construction to allow for the play of light and shade, wind and air & the use of water. With 2 rooms facing the atrium, the scorching Mumbai heat stays out thus saves the load on cooling the living spaces which gets drastically reduced. In addition with the swimming pool parched on the roof top, a natural coolant is in operation. Whether it is the water treatment or the material used, inside & out, serious through the process has gone into it to make it truly eco friendly.

## Green Initiatives at The Orchid Hotel, Mumbai

---

More and more people today are concerned about the environment and making spaces eco friendly. We at The Orchid too are trying to do our bit. The hotel has been designed, built and is maintained keeping environment issues in mind. To maintain a strong Environment Program, The Orchid has various initiatives in the mind:

- Solid Waste Management
- Energy Efficiency
- Water Conservation and Preservation
- Environmental Commitment
- Employee Environmental Education and Community Involvement

Nerul, Navi Mumbai - 400 706.

## Solid Waste Management

Solid Waste Management is an important aspect of environmental responsibility given the amount of waste that is sent to landfills all over the world. We follow the 3R theory - Reduce, Reuse and Recycle to manage waste efficiently. We segregate our solid waste in all the kitchens of the hotel. Four separate color coded bins are used for storing the separated waste.

- Black Bin- for the wet garbage like food waste
- Green Bin: for Paper waste like newspaper, cardboard cartons, paper napkin etc.
- White Bin: for the Recyclable waste like empty mineral water bottles, tin cans, thick plastic bags, parcel packets, stirrers, soft drink cans/tins, etc.
- Red Bin: Used for non-recyclable garbage like oil packets, soiled aluminum foil, cling wrap etc.

The food waste or wet waste is decomposed in the hotel premises. A Vermiculture area has been set up for converting this food waste into organic manure or 'vermicompost'. This rich and fertile vermicompost is then used as a fertilizer for the gardens.

## Energy Efficiency

We incorporated energy efficient designs and systems into the hotel from the very beginning.

- The hotel's ceiling has a Skylight which permits sunlight to enter into the atrium of the hotel providing natural light and reducing the amount of energy utilized for lighting the lobby and corridors.
- The hotel uses energy efficient lighting such as CFL and LED. The signage of the hotel which was earlier neon is now LED based saving tremendous amount of energy.
- A Renewable source of energy - Solar energy is harnessed through Solar panels that are installed on the roof of the hotel.
- The Master Control Panel in the Guest rooms is incorporated with an Ecobutton, which when pressed increases the AC temperature of the room by 2 degrees Celsius thus conserving energy.

## Water Conservation and Preservation

With only 3% of the world's water being fresh water, the hotel has employed various techniques to preserve these vital resources.

- In our bathrooms we have installed aerators in taps and special flushes which reduce water consumption by nearly 50% when compared to conventional ones.

  
**PRINCIPAL**  
S.I.E.S. (NERUL) COLLEGE OF  
ARTS, SCIENCE & COMMERCE  
Sri Chandrasekarendra Saraswathy  
Vidyapuram, Plot No. 1-C, Sector-V,  
Nerul, Nav. Mumbai - 400 706.

- A Sewage Treatment Plant runs 24 hours and 7 days a week to ensure that waste water is treated so that it can be reused for gardening - thereby reducing the consumption of fresh water.
- The Save Our Planet Program encourages our guests to reuse their linen and save water.

### Environmental Commitment

- The Orchid proves its sincere commitment to the environment by using potted plants instead of cut flowers and using paper that has at least 25% recycled content.
- Guest Room amenities include herbal toiletries and stationery made from environmentally friendly material.
- Swimming pool water and Drinking Water is treated using Ozone instead of carcinogens Chlorine.

### Employee Environmental Education and Community Involvement

Environmental awareness amongst the hotel team members is vital for us to maintain our commitment to the environment. Therefore, we regularly conduct training programs and activities for team members in a fun manner. For example, we have organized photography and banner competitions with the theme of 'Environment Preservation'. We have a three day training program that includes a session from the Environment Officer who briefs the new team members of the hotel's environmental systems. During the training we show the team members documentary called 'Cutting Carbon Footprints'. Our team is informed about pressing issues that pertain to the environment and are motivated to bring about change not only in the workplace but also in their homes.

Activities which involve the community are also conducted on a bi-monthly basis where team members go on rallies, visit schools, perform plantation drives etc. to spread the message of environmental preservation. These activities are organized by The Orchid's Green Team. The team comprises of two members from each department of the hotel. Over four hundred thousand students from various schools and colleges over the last decade have been educated on environmental issues by the team. Past activities also include composting of nirmalaya generated during the festival of Ganesh, "Say no to fire crackers" Rally, distribution of vermicompost and seeds to our guests, employees and community, etc.

It was an informative, interesting visit. We express our thanks to the principal who permitted us to go on the visit, the faculty members who accompanied us and the official who explained the green initiative taken by the hotel.
