Purpose: To make the students aware about the Importance of national flag and also to make them aware about proper disposal of the flags that are thrown after the Independence Day celebrations.

16th August 2017 was an important day for **Computer Science** department of SIES College (Nerul) because it was the kick start day for their National Flag Collection Drive. The drive started on 16th August 2017 and was till 17th August 2017. The sole purpose of this drive was to make the students aware about the Importance of national flag and also to make them aware about proper disposal of the flags that are thrown after the Independence Day celebrations.

The event was a huge success as the other streams also contributed from their side. Almost **28 flags** were collected in this drive. The students plan to separate the flags according to their types i.e. paper, plastic and cloth flags and dispose them in proper manner.

The students have arranged different ways to dispose the flags according to their type's i.e.

- 1) If the flags are made of paper, then they have planned to make paper pulp out of it and use it to make creative articles.
- 2) And if the flags are made of plastic or cloth then the students have planned to burn them privately. This is the same method that is used by the government authorities to dispose our national flags.

SIESNAA ORGANISES AN ALUMNI MEET AT SIES (NERUL) COLLEGE OF ARTS, SCIENCE AND COMMERCE

The SIES (Nerul) College of Arts, Science and Commerce Alumni Trust (commonly known as SIESNAA) organized an Alumni Meet on Saturday, January 6, 2018. The event was conceptualized to ensure that there continues to exist, a bond between the College and its former students. Alumni Meet 2018 saw close to 200 alumni registering across batches.

At the meet, SIESNAA honoured all the teachers who had contributed over a decade's service to the college. The former principals and teachers who were associated with the college for over a decade were also honoured. SIESNAA identified three illustrious alumni for the Alumni Achiever Award. The awards were bestowed upon Mr. Firoz Shaikh, a well known dancer and choreographer who has won several honours at the national level; Major James Joseph, who began his career in the corporate sector and pursued his inner calling to serve the defense forces and went on to serve at different locations and participate in both counter insurgency and anti-infiltration roles at Jammu and Kashmir; and Mr. Arun Kaimal, an HR professional and teacher who is doing exceedingly well in the corporate and academic worlds.

The evening also witnessed performances by the current students comprising dance sequences and a band performance that included a tribute to A. R. Rahman to celebrate his birthday which fell yesterday. The highlight of the evening was a performance by the famous stand-up comedy artist, Akash Metha, who regaled the audience for close to an hour. The comic act was followed by a DJ session and dinner.

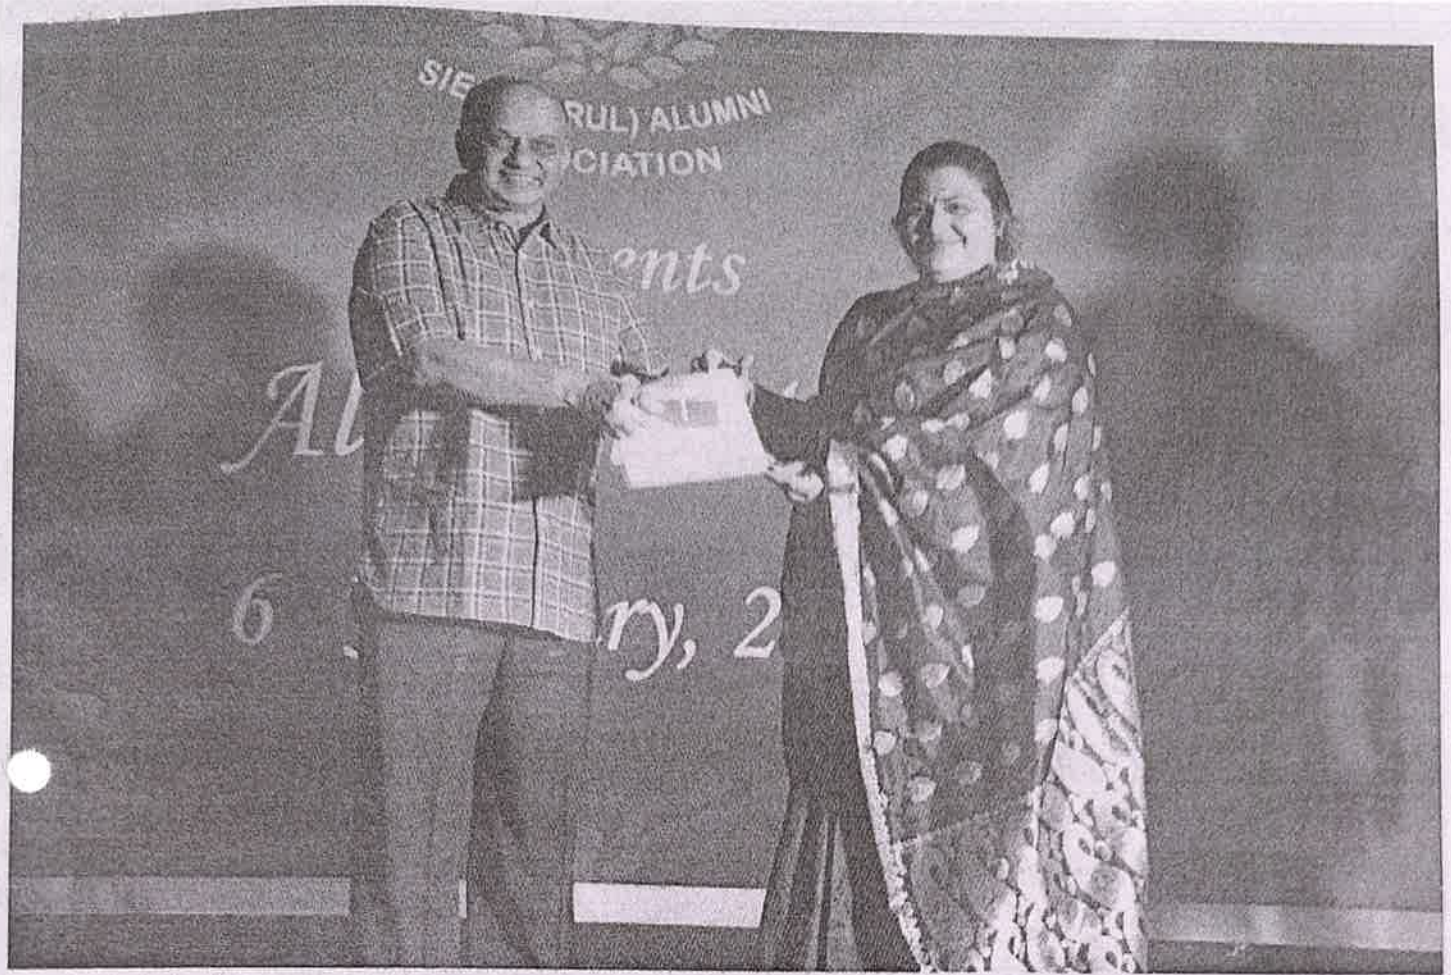

SIESNAA, being a socially conscious Trust, continued its association with an NGO and presented mementos to all the teachers and alumni that were sourced from it. The alumni were briefed on the various activities undertaken by SIESNAA – both charitable and student and staff welfare activities.

It was a nostalgic evening for the alumni as they met all their batch mates, friends and teachers at the college premises after very many years. It was all the more special as such a meet was last organized by SIESNAA, six years ago.

SOUTH INDIAN ASSOCIATION

SIES (Nerul) had initiated the South Indian Association to celebrate and spread awareness about the intricacies and the culture, arts, and literature of the whole South Indian spectrum which includes its four major languages Malayalam, Telugu, Tamil and Kannada. This association hopes to bring out that interesting information which has not been truly focused upon before about the Southern India.

Kerala Flood Relief Activity

In the Beginning of July 2018, severe floods affected the south Indian state of Kerala, due to unusually high rainfall during the monsoon season. It was the worst flooding in Kerala in nearly a century. According to the Kerala government, one-sixth of the total population of Kerala had been directly affected by the floods and related incidents. South Indian Association being an association that wishes to celebrate our southern heritage decided to help Kerala recover from the unfortunate natural calamity that hit the people during the past few weeks.

A Donation Drive for Kerala Flood Relief was organised in the college campus from 25th to 31st of August 2018. SIESASCN family together donated cash (Rs. 25,000) and various other daily utility items to Kerala house, Swami Pranabananda Marg, Sector 30, Vashi, Navi Mumbai, Maharashtra, 400703 on 1st September 2018.

IQAC

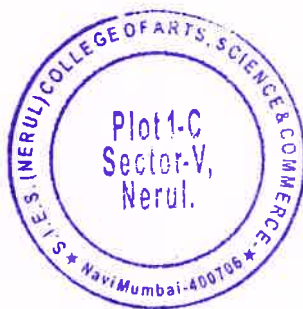

Report on "Human Rights Awareness Session"

IQAC alongwith International Human Rights Council, had organised a session on "Human Rights Awareness" for House-keeping staff of our college on 18th March'17 from 2 to 4 pm in AV room.

Human rights are important in the relationships that exist between individuals and the government that has power over them. The government exercises power over its people. However, human rights mean that this power is limited. Creating rights-respecting learning environments and educating individuals in ways that empower them as human rights actors are as important as transmitting knowledge of human rights norms. With these objectives in mind, this session was organised for segment (housekeeping staff) of our college.

Session was conducted by Mr. Rahul Sharma, President, Maharashtra State Board, International Human Rights Council and Adv Meghana, Advocate at Mumbai High Court. They briefed the audience about basic human rights which everyone should be aware of. Creating awareness through interaction, forums, discussions etc should be done more in society. They made their session interesting by quoting various live and practical examples from day to day life. Adv Meghana could relate with the audience more by citing all female cases she had dealt with and suggesting ways o handle female problems. To make their points more clear to house keeping staff, medium of language used throughout the session was hindi and Marathi.

It was first time that our college took initiative to organise such session for housekeeping staff. They were initially shy to interact but towards the end of the programme they were comfortable expressing their thoughts. 25 housekeeping staff benefitted from this fruitful session.

TECHNOVISION 19-20

CSR EVENT AT VISWABALAK KENDRA (NERUL)

15th November 2019

"Teamwork is the ability to work together toward a common vision. Taking the vision of a social event we, the students of the Computer Science department under the guidance of the faculty members conducted the CSR event from our departmental fest

TECHNOVISION 2019 on 15th November 2019. There were around 22 TECHNOVISION team volunteers. The team visited the 'Vishwa Balak Kendra' NGO (Nerul). The Vishwa Balak Kendra also known as "Children Of The World INDIA" provided us with 30-35 students from the 3rd to 6th standard. The children were enthusiastic and eager to learn. Doubtlessly, education is the most powerful catalyst for social transformation. We divided the children into groups according to their school standards. In this current word, computer literacy is must so the team provided computer education to children of 5th and 6th standard by teaching them the basics of the computer like Microsoft Word with the help of computers provided to us by the NGO and by interacting with them in a very friendly manner and tried to explain them easily and effectively. The knowledge was given in a way that would interest the students and help better their skills in a short period of time.

The team visited the Vishwa Balak Kendra on 15th November 2019. The event was embraced by a crowd of around 70 including team and children. As a part of fun activity, the TECHNOVISION committee

volunteers taught the other children of the standard 3rd and 4th some basic computer education including the introduction of computer and tried to make the environment around them enjoyable as well as friendly by playing few games with the children. The team members created a special bond with children through various kinds of activities. The team immensely enjoyed the interactions with children. However, overall it was an enriching and fulfilling experience. Lastly, the team gave the children snacks to eat as a peaceful gesture which were enjoyed by the children.

The event came to an end with the vote of thanks by the in-charge of the NGO and thanked the team for their valuable guidance and support to the students and providing their time for the beneficiary of the children. At the end, the children enthusiastically share their amazing experience and the knowledge they received from the team. Finally, it was said by **Clay P. Bedford** that, You can teach a student a lesson for a day, but if you can teach him to learn by creating curiosity, he will continue the learning process as long as he lives. The team kept an enthusiastic attitude towards working and teaching the students together.

SIES (Nerul) College of Arts, Science and Commerce

Below are the extracts of the e-mail received from Dr. V. Shankar- President- SIES , in addition to which have included few guidelines for your reference and necessary follow up.

Please follow the instructions meticulously.

Lockdowns are not a permanent and lasting solution to prevent the spread of Coronavirus. While they have a well-defined role in putting brakes on the virus transmission during peak times of the pandemic, effective management is essentially keeping in place a COVID-19 protocol during the revival of all economic activities and human endeavors.

We need to follow a comprehensive and well-structured preventive approach for each department / laboratories / library or other places of learning. Before the students are allowed to come to the colleges, we need to set up the following SOP in each department / Laboratories / Library or other place of learning.

1. The entry of vehicle for staff and students will be from the Corporation Bank gate.
2. There will be only entry and exit gate for students and staff from the gate near the lawn area. The backside gate will be closed.
3. Full Body sanitization machine (automatic) at the entrance (Near Lawn).
4. Protective gears for security personnel and all those who are exposed maximum in operating the various hygiene systems.
5. Human body non-contact thermal scanner by the security guard for every one entering the college building.
6. Foot operated hand sanitizer at the second gate of the main entrance before entering the lobby of the office (near room no.7).
7. Sprayer powered by hand and battery in each floor. Multi surface disinfectant liquid sodium hypochlorite 5% for doors, knobs, window handles, furniture surface, trash cans, sinks toilets, bath tubs, floor drains, ventilators etc. with a written protocol for frequency and mode of spraying.

8. Pulse Oxy meter for recording the level of oxygen supply in the lungs and pulse for each teaching / non-teaching staff at the entry point to the department.
9. Wearing of face cover / mask and gloves must for Teaching and Non-Teaching staff is compulsory.
10. Foot operated Sanitizer will also be kept in office, outside Principal cabin, outside four staff rooms, library and laboratory. All Head of the Department should see that it is not misused by the students.
11. All class IV Laboratory staff / library staff / office staff wearing of Uniform is Compulsory. The uniform should be cleaned daily in Dettol and warm water.
12. No staff or visitors will be allowed to enter office in a group, only one person at a time. The visiting hours need to be followed strictly at the gate by the security guard.
13. Postman and Courier need to submit the letters / documents with security guard at the College entrance.
14. All visitors' queries will be answered at the counter itself.
15. In order to maintain a social distance of 6 feet in public, all events / public gathering stay cancelled till the pandemic is eradicated.
16. Social distancing guidelines will be displayed in the library, students / teachers common rooms, laboratories and computer lab.
17. All Library and Laboratory staff shall maintain cleanliness of reading tables, chairs, and experiment tables, computers desktops. Proper sanitizing should be done every day before and end of the session.
18. There will be staggered lunch break for Teaching and Non- Teaching staff. Try to get own lunch or breakfast prepared at home.
19. A massive deep cleaning of the entire premises by the Housekeeping agency since after about 3 months the facilities are being put to use.
20. A comprehensive SOP for use of the toilets. A housekeeping staff to be available at all times on call. Cleaning hours to be displayed at the entrance to the toilets and no one allowed using the facility during the cleaning process.
21. All products entering the college building should be disinfected before it is handled by SIES Staff.
22. **A self-disclosure form (copy enclosed) is to be filled in by every faculty and staff members before being allowed to enter the premises.**
23. It is the responsibility of the Head of the Department that all are following precaution and guidelines. If anyone is found negligence in duty or compromise in the above SOP, strict disciplinary action will be taken.

We are entering a phase of new normal. Please learn to embrace the new work environment quickly. Old habits die hard. In our interest and that of the students, let us leave behind the several old habits that are not conducive to pandemic times.

Stay safe at all times as you discharge your responsibility

Lockdown Moments

Date: 12th May 2020 – 24th May 2020

The ***Lockdown Moments***, Videos on **Covid 19**, competition organised by IQAC and Student Council was conducted till **12th May 2020** and a webinar on short film making took place on 24th May 2020 along with the declaration of the result of the intercollegiate competition. We had the event ongoing for over a period of 25 days, envisaging the zeal and interests of all the participants.

We had ***207*** registration, ***51*** selected video entries all over, and 3 winning entries and one special category for non-student category. Our eminent Judge Dr. Durgesh Gupta from the department of BA Film making, television and media productions from Usha Pravin Gandhi College also took a great initiative in talking about "film making", giving meaning to the webinar and declaring and choosing deserving winners. The webinar was conducted for a period of an hour.

The webinar started with National Anthem and Principal Sir, Vice Principal and Register Sir's address to the attendees. The Webinar then followed with address by the eminent judge and his talk on "short film making" with YouTube video sharing and questioning to the audience about the number of cuts in the video featured and so on. There was also featuring of SIES's video "annual fest of SIES, Nerul", followed by featuring of the videos of the intercollegiate competition. Though initially webinar was not in our plan, but seeing overwhelming response, we decided to keep one. We have received very good feedback and response which are as follows:
