ADMISSION NOTICE 2025-2026

In-spite of several times of opening the admission link, many of the Second Year & Third Year students still have not yet taken the admission.

The Mock test is scheduled on July 31, 2025 and students who fail to pay their college fee by July 25, 2025 will not be registered for the mock test and hence will find it difficult to appear for the online internal examination due to non-registration in the Data Vista Portal.

Request all the students who have still to pay the college fee to do so on or before July 25, 2025.
