From the Principal's Desk

“Education is the most powerful weapon which you can use to change the world.” — Nelson Mandela

25 Years ago, the city of Navi Mumbai gained a higher education institution meant for the middle class residents of this vibrant city. The institution with a practical and modern approach to education prepares students to take on challenges in the constantly changing environment. The institution strives to rise to the Motto of Rise with Education. Our commitment to our community is to lead the college with enthusiasm and passion to enable us to reach our goals. We give importance to discipline, moral integrity and cognitive development of our students.

The primary goal of our institution is to provide a holistic environment for the development of our students and to educate students to take on the challenges of transformation.

We run twelve Programmes and various Committees which endeavour to enrich the academic and extra-curricular standards of our students. Our teachers work hard throughout the year with the students toprovide them high quality educational experience in the form of debates, group discussions, workshops, symposia, seminars, and cultural competitions. Eminent personalities are invited from all walks of life to address our students and expose them to new ideas and thoughts.

We will be celebrating the 25th Jubilee of SIESASCN in the upcoming academic year of 2023-24. It is an extraordinary anniversary for the institution as we go from strength to strength. It is also the time for reflecting and planning for the future. In 1998, the institution began with 90 students. Today, our student strength has grown to 4700 students. We would like to mention that during the last 25 years, SIES did not take this success for granted and continued expanding its horizons. The College has worked with passion to enrich the academic standards of our students and make them employable. We have built social awareness among our students. We pride ourselves on having a great alumni community. Our alumni is spread across the globe. The 25th Anniversary is a reason to be proud of. We also never take anything for granted. The world is not standing still and many opportunities are ahead of us. We continue to observe the changes around us and respond to the needs of industry and business. As an institution, we have responded immediately to constantly evolving circumstances and new challenges.

I strongly believe that - “All odds, all challenges and all handicaps of life can be overcome with strong determination,persistent hard work, insurmountable patience and unshakeable tenacity”

My best wishes to the new students entering SIES (Nerul) College of Arts, Science and Commerce.
