4. ABOUT US

THE SOUTH INDIAN EDUCATION SOCIETY (SIES) is one of the oldest educational societies in Mumbai and was pioneered in 1932. The seed then sown has grown similar to a banyan tree nurturing many branches of knowledge imparted through a high school, an array of arts, science and commerce colleges and professional institutions of higher learning.

The Society strives towards excellence in all its pursuits and believes in strict discipline.

The SIES (NERUL) COLLEGE OF ARTS, SCIENCE & COMMERCE, (SIESASCN) was established in September 1998, as a Commerce College and is affiliated to the University of Mumbai. The College is entering its Twenty Third year in June 2021 and has been attracting students from far and near. The College added Science (Computer Science, Information Technology and Environmental Science) and Arts faculty (Mass Media) in the year 2001 and 2002 respectively and was renamed as SIES (Nerul) College of Arts, Science and Commerce. The College has a Junior College of Commerce attached to it. The College has been growing steadily by introducing new courses as per the demands of the society. Presently, the College has Junior College of Commerce, 8 undergraduate and 4 postgraduate courses in Arts, Science & Commerce.

The vision of the College is to see that the students become either entrepreneurs or employable in the competitive world. The differently abled, underprivileged are all given equal status. There is an active Placement Committee in place. As a part of the Institutional Social Responsibility, there are different Committees like the NSS Unit, the Students' Council, Women's Development Cell and Conservation Club which work towards inculcating social values and concern for environment in the students.

The College has been accredited with 'A' grade by the NAAC. The culture at SIESASCN is to continuously reset standards to a higher level to ensure increased productivity. The College is proud of its alumni who have excelled in diverse fields. By creating the right synergy between all the stakeholders, the College aspires to scale greater heights in the years to come.
