*IN LOVING MEMORY OF OUR  
BELOVED PRINCIPAL SIR*

*Late Principal Dr Milind Vaidya*

“A man with a kind heart, a man who has left his deep imprint on each and every student of his, a man who worked round the clock for the enhancement of institution, is no more with us, today.”

But he will ever remain in our hearts, guiding us from his abode up in the Heaven.

## Note from Principal's Desk

*Dr. Koel Roy Choudhury, Principal I/C*

*“Learning is not the product of teaching.  
Learning is the product of the activity of  
learners”.*

*- John Holt*

I am happy that the Department of Lifelong Learning and Extension took this initiative. DLLE Cell was initiated in our college in the academic year 2014-15 as a Statutory Committee. From its initial years till now its journey has been remarkable & ahead there will be prominent achievements. This cell aims at both self-growth and helping to reach the betterment of society. As it stated its motto correctly; 'Reach to Unreached'. It is comprehensive of all the community level & college-level activities taken up by the student volunteers under the guidance of student managers, directed by extension teachers of the college, towards the upliftment and betterment of the society. The departments have displayed exemplary initiative in conducting events, webinars, inter-collegiate programs, food stalls, donation drives, motivational & learning sessions. The department aims at sensitizing the students to socio-cultural realities.

The first publication of the Catalyst Reflection Magazine – Volume 1 for the two consecutive years is 2019-20 & 2020-21. The need of the hour is to root students firmly in an enabling & constructive work ethic for their mindfulness living. The constant growth in the information technology sector in the recent past has brought about remarkable changes in various aspects of human life and led to the erection of a knowledge-based society where knowledge is the most powerful tool for success. True to its name, this magazine gives an insight into the perception of the imagination/creativity of our students and faculty members. The title amply that an individual is like a catalyst; the one who adapts the changes & his innovative & creative reflective insights characterized them to further upliftment the community. It aims to create a community of learners who can build healthy relationships with other members of society. The magazine encompasses the spirit and engages students through the value of Integration, Innovation and Inclusion. I hope that the magazine will showcase some of the best creative endeavours of the students.

I wish all the teachers & students associated with this magazine's successful publication and heartfelt congratulations for their commendable efforts & my best wishes to all for their future endeavours.

Happy Reading!

*"We want that education by which a character has formed, the strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet"*

*- Swami Vivekananda*

The Department of Lifelong Learning and Extension (DLLE) Cell of the college aims at extending the knowledge and bringing holistic development in the students by ushering and organizing various community-level activities to serve its neighbourhood.

The growth of DLLE right from its inception in the academic year 2014-15 till today has grown exponentially with a four-fold increase in its membership in the academic year 2019-20.

Covid Pandemic has not deterred DLLE from conducting and serving the society various activities based on Value education, Faculty development programme, Donation drives and many more to bring a positive change in the prevailing situation.

The motto of the DLLE is 'reach to unreached' has been successfully implemented and achieved over the years. This journey would not have been possible without the constant support of college management, our Principal Late Dr Milind Vaidya, Vice Principal and our Mentor Dr Koel Roy Choudhury, College Register Mr Muralikrishnan Nambiar and his team and Student managers, members of DLLE and Extension teachers.

In a nutshell, this e-book is a small attempt to facilitate the DLLE journey for two years, 2019-2020 and 2020-21.

Take pleasure in reading.

I am grateful to be part of the DLLE Cell for continuous three years. It has been privileged to be Student Manager & being eye evidence for the events conducted in these consecutive years. The first edition of the Catalyst Reflection makes its presence during this period of COVID-19. This E-Magazine is a mirror reflecting the momentous moments of a DLLE's journey. The release of this spectacular issue of e-magazine has added value to constant efforts put forth by the student volunteers as a team. Enjoy our magazine as we move on with our lives. I thank all who contributed to this endeavor.

It has been a great experience working online and offline both ways, being a student manager for two years consecutively in the DLLE cell. It has provided us with the confidence to interact with groups of people. I am proud to be part of this magazine that is "Catalyst Reflection". We have tried our best to make sure this magazine reflects all the efforts taken towards the betterment of society and our connections with students. I take this opportunity to thank all my teammates who have contributed to make this successful. I hope that you enjoy reading it as much as we enjoyed working on it.

**CHRISTIANA VINCI**

**STUDENT MANAGER, ASSOCIATE EDITOR**

It gives me immense pleasure to ensure that this magazine has achieved its ideal. It was my second year in the department and, I have admired the activities that be online or offline conduct. One can relish executing activities and gain confidence in starting a small business or organizing an event by encountering it with the help of DLLE. It fulfils the objective of the extension works and its motto "Reach to Unreached". This year was quite hard for all but, in these difficult times, the reflection of the student's achievement of the year 2019-20 & 2020-21 is the epitome of the magazine. I take this opportunity to thank all our supporters as their contribution is the cause for this magazine endearing with our readers.

# *Note to the Reader*

*Dear Readers,*

*Warm Greetings to Everyone!*

It is an absolute pleasure to welcome you to *A Catalyst Reflection Magazine*. We are glad to bring out a compilation of the two consecutive years that is 2019-20 & 2020-21, in the form of a booklet that bundles up the activities & events which we have conducted. It also provides a glimpse of both scenarios working & organizing events through pre-covid and post covid times.

This year where time has taught us to see life from a positive perspective, give us a chance to present this magazine to you. The *origin and intentionality* behind our name, A Catalyst Reflection in simple, **Catalyst** means a person that precipitates an event or change. **Reflection** means making a process that moves a learner from one experience into the next with a deeper understanding of its relationship and connections to other experiences and ideas. We as a DLLE also had a motto to contribute something back to society & with time changing faster to pace with we work as a team with consistent efforts for betterment & outreach to the best capabilities of everyone.

We once again extend our sincere thanks and acknowledgements to all those pioneers who translated, edited and published these works in different forms earlier. We wholeheartedly extend our thanks to our principal, vice-principal, teachers & students volunteers.

Our fond hope that our effort will be guerdon by the warm and enthusiastic response of the esteemed readers.

As a student publication, we would like to be as transparent as possible. For this reason, we gladly welcome any comments and critiques you may have as a reader.

# POPULATION EDUCATION CLUB (PEC)

## PROJECT WORK

Population Education Club initiated CSR PPTs wherein they have come up with innovative and sustainable ideas for established companies that did not exist. And also organized a poster-making competition with the context to the pandemic situation.

## PATANJALI CSR ACTIVITIES

Patanjali is working towards a better nation, healthier society and wealthier farmers. Our focus area are education and healthcare.

Following are some of the CSR activities of patanjali:-

1. GAU SAMVARDHAN - Patanjali vowed to protect all indigenous breeds of cows found in India. It planned to spend 500 crores for this project.
2. ACHARYAKULAM - Residential educational institute was started to provide vedic-cum-modern education.
3. POOR RELIEF - To facilitate the worthy poor, helpless orphans by providing clothes, food, education and shelter.
4. PATANJALI CHIKITSAALAYAS & AROGYA KENDRA - It is providing free health care and medical facilities all over India.

## CSR IDEA : T-GEN PROJECT

This idea is to train the transgender community with entrepreneurship as well as employment skills. Birth of Entrepreneurs among transgender community can help to tackle the solution of their unemployment based on gender biasness, at the same time they can be trained with soft skills, IT skills & accounting skills which will make them no less than any candidate to get employed easily.

## T-GEN TRAINING & DEVELOPMENT

T- GEN Project can be implemented as a 2 week program. Training experts and Successful entrepreneurs can be arranged by Nestle to conduct the workshop.

The project can be arranged as a camp to make the environment socially friendly. Live projects can be assigned by segregating into teams which can give them the exact idea of teamwork, coordination along with a motivation to their creativity.

## BUDGET FOR THE IDEA

Overall Budget: 1 cr

- 20 lakh for infrastructure (including tents for the workshop, etc.)
- 10 lakh for hiring the professionals.
- 5 lakh for equipments for the professionals. (including laptops, etc.)
- 10 lakh for conveyance.

## CSR IDEA:- OLD AGE PROJECT

This idea is to train the old age community for the prevention of muscular joints pain and catarises related diseases which mostly occurs at the Old Age. Training this community with such information related the diseases will see a downfall in the surgery of joints and catarises related issues. As Patanjali is an organisation that is related to ayurveda with the help of pseudoscientific scientists the organisation would reduce the rising issue of joints replacements and cure the cataract without the surgery of eye.

## BUDGET

The overall CSR activities of patanjali is rs 500 cr.

The campaign which is volunteering to an old age home and explaining is 200 cr. It would take youth to explain about the benefits of the aid kit made by Patanjali.

The kit is called Sanjeevani Buti

Helps cure all aches and pains.

## NGO COLLABORATION

Potential NGO collaboration for our CSR activity.
