Adithya Sharma CROSSOVERS

Whether it be 'Volunteer Release', our first CROSSOVERS meet outside 'The J's', regular meets in the garden, 1st AVM, SPL & SPL after party it never felt like we are a committee, It always felt like we are a FAMILY. So far this journey has taught me it really doesn't matter if you meet people personally or virtually if you have the right people with you, you can achieve anything and I am pretty sure no other committee shares the same bond as we do. Thanks to Sundar and Humaira my heads. Love you guys #WEARETHECROSSOVERS

Abhishek Mishra PROMOTIONS

This was one of the most exhilarating journey that I will remember forever. All these crazy bunch of people, those memories and moments have shaped me throughout this journey. meeting them and enjoying cakes n treats together would be one of the best memories that I will cherish for lifetime.

Mayuri Pawar FINE ARTS

My journey with SIESONS has been incredible and I have learned so much. Planning events sitting under a tree, in terrible heat- surely going to miss these amazing moments. A big thanks to my entire team for making it so memorable for me.

Radhika Surve GROUP Z

Journey of SIESONS was the most unexpected yet the most beautiful journey I have been on. In this darkness of pandemic SIESONS came as a ray of sunshine. Got to learn so many things through this short yet mesmerizing journey but the most prominent one was teamwork. SIESONS made me realize what a huge impact teamwork has on every little thing. My favourite moments were when we used to spend little time with each other after the meets. Be it pulling each other's leg, or just spending time in Balaji, I cherish each and every one of them. And top of that having two best heads made this journey more memorable. Thank you for all the things you guys have done! We couldn't get along without you guys. Just wanted to thank SIESONS for such an amazing experience. Thank you so much!

Simran Singh

COLLEGE COORDINATION

The journey of SIESONS started with hopes, hopes to conduct this mega event even during this pandemic . Despite of all the jeers and negative talks the core, heads and all the volunteers stood forward and took it as a challenge to make SIESONS more successful this year. SIESONS always taught us to be more patient, to work hard, and to stay united. SIESONS and College Coordination gave us a great opportunity to polish our skills , we became the representatives of our college. Inspite of most of our journey being online, it was an amazing experience for all of us

Socrates Rajan

LOGISTICS

I'd say working with my team has shaped me to get into doing any kind of work that comes my way. Inspite of the pandemic and lockdown our team has managed to keep up the bond intact and still do that little fun whenever we meet online. Also, I've learnt that working with such a competent team is better than struggling alone. All these hands together make every work seem possible. I can proudly say that we are fifteen normal human beings with the super power of team spirit.

Ashish Singh

ADMIN

The point where this journey began we never thought that SIESONS would be so special and a memorable one in each one of our lives. From being nine different strangers, nine different souls to becoming a small family. we enjoyed and lived every moment of it. Being a part of SIESONS is awesome in itself but with ADMIN as our committee it has been an even more amazing and joyful experience. It is correctly said that "Good Company in a journey makes the way seem shorter". The company of the 9 souls did.

The two memories which are close to my heart is our 1st AVM and SPL. Along with fun I learnt a lot, even got better in communicating with others. Even though SIESONS was held online this year I had a great time with my committee, and as the journey is coming to an end I just want to say that I am going to miss all the fun and rush. SIESONS holds a special place in my heart.

SIESONS was the first thing that introduced us to our college. I still remember the first day when I met everyone and we were told to introduce ourselves. I was really nervous on what to say and how to present myself. But as time passed by, we became friends. I had a terrific time with my committee members and especially with our heads who were really supportive even when we faced a lot of difficulties. We are more than just a committee, we are a part of the SIESONS family.

Sidhiksha Shetty MARKETING

Given the situation, didn't expect much when I got selected only to get surprised with much more than what I had anticipated. Made so many memories in such a short frame while trying to bring all the funds that they needed. SIESONS and Marketing will always have a special place in my heart, for it truly gave college for me a good kick start!
