**Skit SYBCOM FC**

Considering the need for using allied methods of teaching –learning to impart knowledge, a Poster Presentation, Skit, survey events are organised on regular basis students of FYBCom and SYBcom. This exercise was an attempt towards employing the method of participatory teaching -learning, and also to provide a platform for the presentation skills and creativity of the students.

This endeavour was an offshoot of the internal project Foundation Course subject. As a part of the project work, the students had formed groups of 5-7 members, chosen a socio-environmental issue, and prepared a project report on the same.

The topics such as social issues from foundation course of SYBCom given for poster and skit preparation with discussion of each topic in the class with other students. This activity facilitates group discussion, soft skill development. This also impart subject knowledge to students by innovative teaching learning process and social and environmental awareness among the students. All the skits done by students were recorded and uploaded on Google classroom for further reference.
