CodePyx

About CodePyx

A company started by a group of experienced individuals from the industry with a vision to inculcate the industry level knowledge to the students currently having the basic knowledge of the programming languages as well as the etiquettes. At CodePyx we offer the students the knowledge required in the industry along with preparing them for the corporate world, corporate etiquettes. We aim to provide a structured training program to help students to get a final admit to their dream companies by providing experienced faculties, expert counselling and quality material, along with internships.

CodePyx company provides an opportunity for Computer Science students to enhance and boost their career by improving their technical skill set.

The need

Students invariably face the difficult task to face the interview sessions as well as the languages that are been used in the industry. Each year students appear for interviews for different companies with the aspiration for getting into one of the top best companies. We guide them with trainings which helps the students to fit into the corporate environments easily. Also we provide internships which give them a gist of how the industry actually works. We learn basics in each subject in the graduation level whereas in the industry the knowledge requirement is high we prepare the students to face the industry so that when they get placed in the industries they would be able to grasp the subjects also with internships they get one step closer to get placed into companies.

We offer:

- Foundation program on aptitude test
- Sessions on placement preparations, personality development.
- Orientation on the industry level requirements after graduation.
- Seminar on significance on having knowledge other than things learnt in graduation curriculum.
- Conduct above mentioned programs in college campus for aspiring students.
- Counsel students in large or individually to face the interviews and industry.

CodePyx also offers internships for students that can help students to get a gist of the industry. This program will be conducted in the college campus subject to the fulfilment of a minimum batch size.

Subject: Recommendations for incorporating topics in FullStack Developer Certificate course syllabus

Respected Sir

I would like give you my inputs for incorporating certain topics in the syllabus to make it more beneficial to the students.

I recommend you to train them on frameworks for Javascript for Web development like Angular JS etc. Also, if the students can learn the project structure and logic behind creating Applications with a hands-on approach, it will be more useful to the students who have to develop projects as part of their curriculum in T.Y.B.BSC Computer Science.

Looking forward to a mutually beneficial collaboration with you.

Thanking you,

Respected Ma'am/Sir,

We have dutifully considered your suggested additions to the syllabus revering your experience in making students insightful and enabling them to perform in the industry.

We assure you that the students will be educated on topics like Angular JS framework. We will also provide topnotch training with hands-on approach that will nurture the ability of the students to understand project structure and the logic behind creating applications because all these aforementioned topics are already a part of the MOU we have agreed upon.

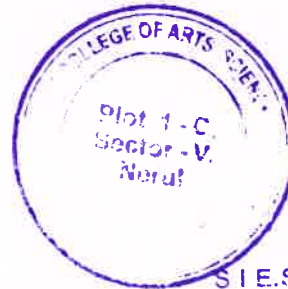

Looking forward to more expert suggestions and seamless cooperation.

Honestly, CodePyx was an all new experience for me. I've had taken many coding lessons online before this, but this course was the one which I now realise, I really needed! A course which changed My Whole Perspective about 'Computer Science' and 'Information Technology'.

The first day of the course started with inquisitive discussions to get a clearer picture about hardware, basics of this field like algorithms, processors and a detailed introduction about the curriculum, and about Web Apps, their working, their Basic Architecture and technologies used in creating them. We learnt about Java programming and MySQL in detail in the next few lectures, after which we moved ahead to Front-end Development. Right from HTML, then CSS, and finally JavaScript - everything was covered. Professional Ethics was also taken care of along with technical education by Jaishree Ma'am. We used to have debates, interview questions used to be discussed, and Complete Interview Processes was taught to us. On multiple occasions, we even had discussions on - 'What's currently going on in the industry' and about 'Different domains of Computer Science'. No doubts were ever left unsolved. Jaishree Ma'am thoroughly scrutinized each and every resume for mistakes, or enhancements. Her guidance and support was exceptional throughout the course.

After having covered the basics, we finally approached one of the most important topics - Creating APIs. This was done both in 'Spring Tool Suite' and 'Django' Frameworks. This was one of the most time-consuming topics, but was dealt very tactfully, in an interactive and engrossing way. The hardest topic got turned into the easiest. Even Android App Development was something, which was very fascinating!! Having running off the provided duration by college for utilisation of the labs (the final time being 5:00 p.m.), doubts were solved even outside the ASC Building near the Amphitheatre or at the backside of College or wherever possible. Even screen sharing was done by Vijay Sir for people who wanted to get their doubts solved.

Finally, 'AngularJS' and 'MongoDB' and some topics of STS which were remaining, were covered by Vijay Sir during the lockdown. All the teachers were very friendly and supportive throughout this Journey (Yes, it isn't less than a journey for me). I got to learn so many different things from CoderPyx, which I don't think I'd have been able to learn from anywhere else! It literally shaped My Overall Personality, if not only for enhancing My Technical Knowledge.

I can't thank Jaishree Ma'am and Vijay Sir and all the teachers enough for their support, guidance, friendly behaviour, throughout this journey, and also for developing a love for Computer Science and various Technologies in IT in our hearts!

Regards..

Studying in coderpyx, I admired a unique learning atmosphere. At coderpyx learning is so much fun! I feel like a part of a close-knit team, where each of them are always ready to support and guide you. Coderpyx helped me to boost my confidence and improve my communication skills. It has helped me to strengthen my computer science fundamentals as well as its applications. A variety of computer languages were taught with their practical application. Learning with coderpyx helped me prioritize my personal and professional life. By figuring out what my strengths are I am figuring out what I truly want out of life. I would recommend this course to anyone who wants to pursue good knowledge about programming and wants to enhance their skills.

The Placement Officer (or any suitable member as nominated by the college) will be the key point of contact on behalf of the college. The Nominees in the Working Group can be changed by mutual intimation.

The working group will meet at regular intervals, as may be mutually agreed, to evaluate the performance of the program, suggest corrections and improvements in the program and track the progress of the program along with acting upon the feedback of the candidates.

4.2. The College agrees that FinX shall have the right to do the following in relation to its Educational Services:

- (i) to participate in any meeting, discussion or negotiation;
- (ii) to review any technical and related information or decision;

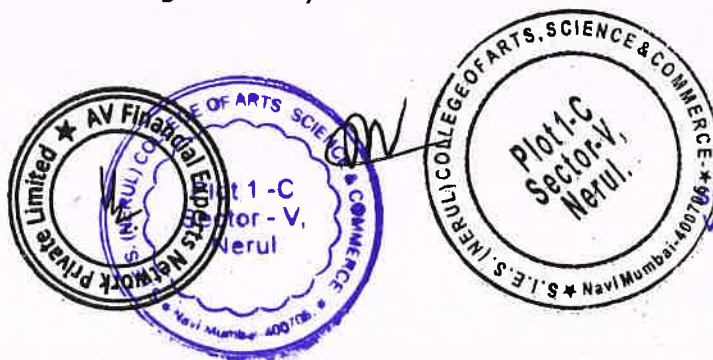

Provided that no exercise of any such right shall give rise to any claim by FinX for a change/suspension, cancellation or modification.

4.3. At least once in each quarter, the College and Fin representative/s shall meet to discuss the progress of the Educational Services (as stipulated in the Scope of Educational Services).

5. FEES, COURSE CONTENT AND CURRICULUM

5.1. Finx and the College agree to follow a collaborative approach towards matters including but not limited to the following, and that the Working Group shall decide on such matters from time to time, and such decisions shall be binding on the Parties.

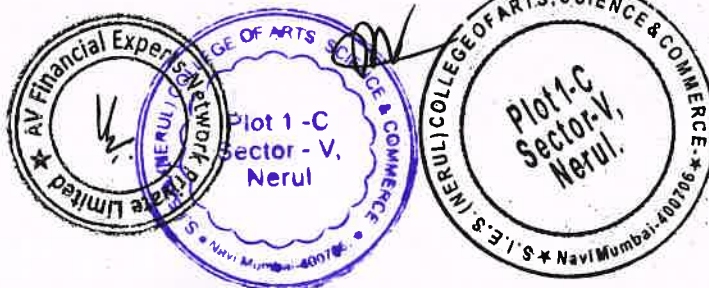

- (i) Operational process for the delivery of the Program shall be mutually agreed. E.g. the number of hours per day on working days/weekends/holidays that the college students may spend in the classroom.
- (ii) Sharing of the cost of infrastructure provided (for example, classrooms) by the College and other administrative expenses as specified in Schedule -1.
- (iii) Remuneration of college personnel (if they deliver the program) will be decided at a later stage mutually.

6. REPRESENTATIONS & WARRANTIES OF THE COLLEGE & FINX

- 6.1. The College shall provide the educational services meeting the quality standards and standards of best practices prevalent in the learning solutions and BFSI industry which shall confirm with the requirements of this MOU.
- 6.2. The College is not in violation of any applicable laws, rules, permits, licenses either individually or in aggregate, which would affect the performance of any obligations under this MOU. There are no pending legal or arbitration proceedings or any other proceedings by or before any governmental or regulatory authority or agency, or (to the best knowledge of The College) instituted against the College which, could reasonably be expected to have a material adverse effect on the financial condition, operations, prospects or business of the College or its ability to perform the obligations under this MOU.
- 6.3. Neither the execution or delivery of this MOU, the consummation of the transactions herein contemplated or compliance with the terms and provisions hereof will conflict with or result in a breach of, or require any consent under the charter or by-laws of the College or the Trust/Society that owns the College, any applicable law or regulation, or any order, writ, injunction or decree of any court, or any agreement or instrument or arrangement to which the College is a party or by which it is bound or to which it is subject, or constitute a default under any such agreement or instrument or arrangement.
- 6.4. The College has all the necessary power and authority to execute, deliver and perform its obligations under this MOU; and the execution, delivery and performance by the College of this MOU has been duly authorized by all necessary action on its part; and this MOU has been duly and validly executed and delivered by the College and constitutes legal, valid and binding obligations of the College enforceable in accordance with its terms except as the enforceability thereof, upon the College and/or the Trust/Society that owns the College, may be limited by winding up proceedings, bankruptcy, insolvency, reorganization or moratorium or other similar laws relating to the enforcement of creditors' rights generally and general equitable principles.

Letter of Collaboration
Between
Kotak Education Foundation
And
SIES College of Arts, Science & Commerce (Nerul)

1. Purpose:

Kotak Education Foundation (KEF) and SIES College of Arts, Science & Commerce (Nerul) have agreed to work together to promote volunteerism among students regarding activities at different KEF interventions / departments.

2. Scope and Duration:

This collaboration is for the period beginning every year from April 2019 to March 2020. The scope and duration of the collaboration may be amended and/or extended if needed and agreed mutually.

3. Decision-making structure & communication.

Each institute will identify a person to be their point of contact (POC) within their own organization. The main decisions regarding eligibility, selection, joining, supervision and completion of activities are taken by KEF/SIES College of Arts, Science & Commerce (Nerul) and will be communicated through mails to the POC.

4. Commitment to the Collaboration:

The participating institute will contribute a minimum of 100 hours by 15 volunteers in a year. It is expected that the institute honour the time and agreed schedule of the various volunteering opportunities. Volunteers will be given Rs 100 as travelling conveyance and a certificate of participation after completion of the activity in the year end.

5. Accountability process and problem-solving

The point of contact of both the parties will ensure periodic joint reviews to assess the progress on collaborations at various levels and also through exchange of feedback and reports. We are committed to open communication with each other to strengthen the collaboration.

Nerul, Navi Mumbai - 401006.

6. Expectations:

After the successful completion of the volunteering activity, KEF will issue certificates and distribute conveyance allowance to the students. KEF will also share Annual Volunteering Activity Report to the institute. The Institute should share quarterly feedback to KEF as per the feedback form. The Institute should not enter into any fundraising or promotional activity in the name of Kotak Education Foundation. KEF also expects the institute to share an academic calendar by mid June for the availability of volunteers and the same will be shared by KEF with the institute.

7. Confidentiality:

KEF expects the Institute shall maintain confidentiality of the information which relates to KEF or its partners (schools, NGOs, companies, beneficiaries etc.) and also take prior approval for sharing any KEF activity documents/beneficiaries photos externally.

8. Validity and Discontinuity of the agreement:

This Agreement is valid for a period of 1 year.

The current agreement can be continued with necessary addendum for any new collaboration with the same institute.

Both the parties may discontinue this agreement upon 30 calendar days' notice in advance in writing. In the event of discontinuity, both parties have to discharge their obligations.

This collaboration document was unanimously adopted by representatives of Kotak Education Foundation and SIES College of Arts, Science & Commerce (Nerul)

COMBATTING CLIMATE CHANGE

Venue: Quadrangle and SIESCOMS Auditorium

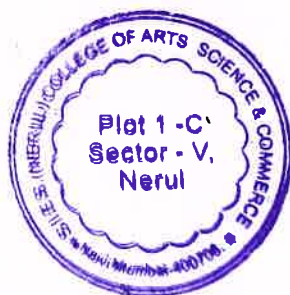

Date: 23rd September, 2019

ISR committee of SIES College organized an event called 'Combating Climate Change' on 23rd September, 2019. The event was divided into two segments, a skit and a competition.

The students took an initiative to completely avoid the use of plastic. Thus, a cloth banner was used to support the plastic ban. The guests for the day were Mr. Abhiraj and Mrs. Neeti (who started the '100 reasons to love India' campaign), Mr. Subhajt Mukherjee (CEO of Green Mission and Ambassador of 'Jal Shakti Abhiyan') and Ms. Neha Singh. The guests were felicitated with plants to promote the idea of planting trees to reduce climate change.

The event started with a skit performed by the volunteers of the committee on how climate change is slowly affecting our day to day life. After the skit, 'Idea Generation', the flagship event, started with lighting of lamp by the guests, convener and the secretaries. Eight teams from four different departments of the college participated in the competition. The teams came up with great ideas to combat climate change. Sana Khan from Msc in Environmental Science won the competition. This was followed by a QnA session with the panelists where students got to interact with them.

The event was an eye opener for the students about their responsibility towards the environment. The event came to an end with a vote of thanks by the convener, Mrs. Nisha Telang.

Dear Sir,

B.Com Banking & Insurance course had conducted an orientation programme on 21st August alongwith LIC for Training Internship programme for our second and third year students. The orientation was very impressive which resulted in registration of 73 students from TYBI and 54 students from SYBI.

The internship programme will be of various modules spread over a span of 6 weeks. Interested students need to register by completing the KYC procedure. Various modules will include awareness of insurance products, understanding the working of LIC operations, visit to their branch etc. Students will also be trained to give IRDA licence exam. After passing in the exam and giving presentation, the students would get LIC internship training programme certificate. Since we have got registrations from 127 students, we would like to conduct 6 weeks module wise training programme in two separate batches in AV room. The schedule for the same will be as follows:

B.COM (BANKING AND INSURANCE)

LIC INTERNSHIP PROGRAMME ORIENTATION

Date- 21st August 2019

Time- 10 am

Venue - Room 8

Objective- To provide industrial exposure to students and give them an opportunity to do internship with LIC

The programme was conducted to educate the students about the Insurance Sector and also share information about the most trustworthy insurance brand – Life Insurance Corporation (LIC) and to provide internship opportunities to them. To tie-up with industry for training internship programme is first of its kind initiative undertaken by the course coordinator to help students to get exposure of corporate world.

Two Development officers- Mr Mahesh Shinde and Ms Sneha Mathai from LIC had visited for the same. They introduced the students to LIC, the history, their working and recent balance sheet of the LIC. They portrayed the importance of insurance sector in future and also familiarized them with the employment opportunities. Further they explained about the internship programme in detail.

Following information was provided by them about the internship programme-

- The internship programme will be of various modules, which need to be completed in a span of 6 weeks.
- Interested students need to register with them by completing their KYC (Documents required are – Aadhar Card, Pan Card, 10th and 12th mark sheet, Leaving Certificate/Birth Certificate and 4 passport size photographs).
- Various modules conducted include program on market exposure, visit to branches to see live working of LIC, Introduction to their products.
- IRDA License will also be provided to the students which has a lifetime validity (which would assist them to take up the job of insurance advisor in future). To avail this license, the students have to pass a 1 hour License exam. The passing marks are 18 out of 50.
- The last module will be presentation.

Based on the performance, certificates will be provided to the students at the end of the internship programme. The programme is based both on practical and theoretical skills and hence will help the students a lot in the future. It's a great opportunity for the students of insurance as LIC is a brand name, which would help the students in their CV.

65 students from second year and 70 students from third year attended LIC training Internship programme. This training internship programme will help our students to gain practical knowledge alongwith improving their theoretical concepts.

Proposal
Digital Marketing
Add on & BMS.

About the Course

The last decade has been a complete roller-coaster for marketing; with newer marketing platforms the marketing managers are happy to explore them. One such revolutionary platform is 'Digital'

Gone are the days when digital was considered a new and emerging field. Within a span of few years, the digital marketing industry has bloomed tremendously. Sharpening and evolving at a super-fast pace. This evolution is quite intricate and the factors that change it are quite complex.

This is where we step in with i-Digital Learning. We provide you with simplified, updated and practical nuances of digital marketing. While knowledge from books form a solid base, our years of experience in the field give you the right kind of boost to take on the digital marketing circuit.

We are a band of digital marketing professionals that think, breathe, eat and sleep digital. With the intent of sharing our passion and years of gathered wisdom, we want to guide the future generation of digital marketers in the right direction. Because we believe the present is dynamic and the future is digital.

Dear Student/s,

The SIES Centre for Professional and Distance Education provides an opportunity to the student community to learn and perfect the use of “Tally Package”. We offer an in-house programme to the students in our different institutions. This programme is done in conjunction and coordination with **TALLY ACADEMY** and would entail the certification by the **TALLY ACADEMY** after successful completion of the programme.

Those students who have opted for the Commerce stream or the Management stream should maximize their career progress by equipping themselves with an in-depth knowledge of Tally Package. With this in view, we are offering the course of tally 9.0 to all students from the Commerce and Management streams. The course can be taken at a comfortable pace, during the course of the year of the academic programme in the college. The course offers interactive learning through computer systems on one to one student machine ratio. The course will be delivered by well experienced professionals and will have a minimum of 75 hours of learning and training.

The salient features of the Tally programme are listed below:

- ⇒ You will join an empowered community of well-placed Tally Graduates worldwide.
- ⇒ Whether you are an Accounts Professional or a ready-to-work Commerce graduate, being a Tally Graduate through an authorized Tally Academy will accelerate the progress along your career path
- ⇒ Best for Simple Inventory / Stock Management
- ⇒ Best for Advanced Inventory / Stock Management
- ⇒ Best for Basic Inventory / Stock Management
- ⇒ Best for Simple Accounting
- ⇒ Best for Basic Financial Management
- ⇒ Best for Advanced Financial Management.

Tally is the best of packages to learn and use because of its:

- ⇒ Simplicity
- ⇒ Speed
- ⇒ Power
- ⇒ Flexibility
- ⇒ No codes
- ⇒ Real-Time
- ⇒ Online Help

Tally is also best for statutory returns because it is:

- ⇒ Designed to simplify VAT, Service Tax and TDS
- ⇒ VAT enabled with state specific statutory returns
- ⇒ Service Tax enabled which generates Returns / Challans
- ⇒ TDS enabled with e-TDS capability, printing of Certificates / Challans

Letter of Collaboration
Between
Kotak Education Foundation
And
SIES College of Arts, Science & Commerce (Nerul)

1. Purpose:

Kotak Education Foundation (KEF) and SIES College of Arts, Science & Commerce (Nerul) have agreed to work together to promote volunteerism among students regarding activities at different KEF interventions / departments.

2. Scope and Duration:

This collaboration is for the period beginning every year from April 2018 to March 2019. The scope and duration of the collaboration may be amended and/or extended if needed and agreed mutually.

3. Decision-making structure & communication.

Each institute will identify a person to be their point of contact (POC) within their own organization. The main decisions regarding eligibility, selection, joining, supervision and completion of activities are taken by KEF/SIES College of Arts, Science & Commerce (Nerul) and will be communicated through mails to the POC.

4. Commitment to the Collaboration:

The participating institute will contribute a minimum of 100 hours by 15 volunteers in a year. It is expected that the institute honour the time and agreed schedule of the various volunteering opportunities. Volunteers will be given Rs 100 as travelling conveyance and a certificate of participation after completion of the activity in the year end.

5. Accountability process and problem-solving

The point of contact of both the parties will ensure periodic joint reviews to assess the progress on collaborations at various levels and also through exchange of feedback and reports. We are committed to open communication with each other to strengthen the collaboration.

6. Expectations:

After the successful completion of the volunteering activity, KEF will issue certificates and distribute conveyance allowance to the students. KEF will also share Annual Volunteering Activity Report to the institute. The Institute should share quarterly feedback to KEF as per the feedback form. The Institute should not enter into any fundraising or promotional activity in the name of Kotak Education Foundation. KEF also expects the institute to share an academic calendar by mid June for the availability of volunteers and the same will be shared by KEF with the institute.

7. Confidentiality:

KEF expects the Institute shall maintain confidentiality of the information which relates to KEF or its partners (schools, NGOs, companies, beneficiaries etc.) and also take prior approval for sharing any KEF activity documents/beneficiaries photos externally.

8. Validity and Discontinuity of the agreement:

This Agreement is valid for a period of 1 year.

The current agreement can be continued with necessary addendum for any new collaboration with the same institute.

Both the parties may discontinue this agreement upon 30 calendar days' notice in advance in writing. In the event of discontinuity, both parties have to discharge their obligations.

This collaboration document was unanimously adopted by representatives of Kotak Education Foundation and SIES College of Arts, Science & Commerce (Nerul)

INSTITUTIONAL SOCIAL RESPONSIBILITY COMMITTEE (ISR)

M.I.T.R

(MEET.INVOLVE.TRANSFORM.RETAIN)

COMMITTEE REPORT 2018 -19

As an institution, SIES ASCN aims at inculcating values of social responsibility in its students, in addition to the academic knowledge imparted to them. To achieve the same, the College encourages the students to organize and participate in various social outreach programmes. Accordingly, students and faculty of each department are encouraged to contribute and involve with the society and works towards its betterment through our institutional social responsibility initiative Meet. Involve. Transform. Retain (M.I.T.R)

M.I.T.R was constituted under Institutional Social Responsibility as a functional committee in the year 2018-19 headed by Ms. Nisha Telang and Ms. Sugandha Jha (Co-Convenor) along with Secretary Rohan Harkara and Joint Secretaries Shlok Shinde and Bharath Iyer under the guidance of Principal and Vice-Principal of the institute to connect with the society through empathy not sympathy and help the ones who do not have proper support to pursue their goals to grow and evolve as independent individuals. With this aim, SIES ASCN partnered with Kotak Education Foundation (KEF), an NGO formed in 2007 by Mr. Uday Kotak (Managing Director and COO, Kotak Mahindra Bank Ltd), Mr. Shivaji Dam (Former Director , Kotak Mahindra Bank Ltd) and Mr. C. Jayaram (Former Joint Managing Director) which caters to the education and livelihood needs of the underprivileged section of the society by conducting various activities to provide various opportunities to students and faculty members to contribute towards a cause.

Objectives:

- (i) To recognize and advocate Institutional Social Responsibility
- (ii) To challenge the disparities in the society and uphold the spirit of cooperative living in a society
- (iii) To develop an empathetic attitude in the students and faculty members towards the underprivileged sections of the society.
- (iv) To experience the joy of learning and growing together by partnering in initiative like each one teaches one social internship

Activities Conducted By M.I.T.R in the year 2018-19

Each one, teach one:

Each one teach one began with 20 volunteers on 12th September, 2018. The sole purpose of the activity was to help struggling students with their education in underdeveloped schools situated in the downtrodden areas of Navi Mumbai, particularly, Govandi and Mankhurd. 6 groups were formed for each working day of the week, wherein the volunteers would go to one of the several schools according to their time slot and do their bit for the society. Due to the initial success of the activity, the number was soon raised to 40 volunteers, with 12 groups who happily invested their time to contribute for this noble purpose. Noorul Islam School, Shivam School, Dnyansadhana school and DNS are some of the various schools where the volunteers took part in educating the students. This activity not only helped the students in those schools, but also the volunteers themselves, who, upon facing a different side of the society could view things through a new perspective. They learnt about the joy of providing education and this also enabled them to be more understanding, patient, and thoughtful, which will surely benefit them throughout their lives.

School wall painting activity: The activity involved creating awareness through creativity

Initially planned as a onetime affair, the first wall painting activity was launched on 17th August, 2018 with just 5 volunteers in Chembur Welfare School. The solo motive was to fill the walls of the educational institute with bright and colorful figures that often carried a message, so that the students could learn core values at a very young age, and also teach it to everyone around them. The first activity was a complete success, and the hard work and charisma portrayed by those few volunteers proved to be sufficient to take this activity on a higher scale, with 15 volunteers who covered 6 schools across a span of 10 days. Narayanrao Acharya and Matoshree Vidyamandir were some of the other schools wherein these activities took place. The activities helped the volunteers to do something productive, that not only left an impression (literally) on the walls of the schools, but also enabled them to share their profound knowledge about values, which will forever inspire all the students in those schools.

Dear Sir,

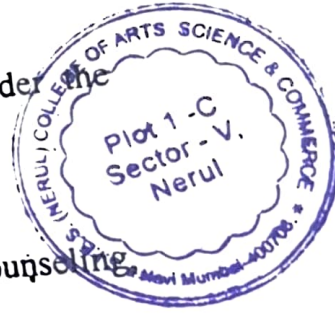

Sairam and Greetings from Sri Sathya Sai Seva Organisation, Navi Mumbai! We, are delighted to connect with you regarding an intense value based initiative called the YOUTH AWARENESS PROGRAMME (YAP).

YAP is designed around the five human values of Truth, Righteousness, Peace, Love and Non violence. As teachers and educationists, you would agree that these values are the fundamental building blocks for good students, a happy society, a great nation and a peaceful world.

YAP has been in existence for over 20 years in more than 40 colleges in the city of Mumbai in which thousands of students have participated in value based Essay writing, Elocution and Poster competitions which have had a far reaching positive influence in their lives.

For the academic year 2018-19 we propose to have the following programmes under the umbrella of YAP -

1. Elocution, debates and essay writing competitions.
2. Seminars offering views of experts on the art of public speaking, career counselling, management practices, managing conflicts and relationships etc.
3. Participation in Mobile Medicare project involved in providing medical facilities to the needy.
4. Participation in Village Integrated Programme wherein various issues which plague the villages are resolved.
5. Disaster Management Courses.
6. Seminars on Indian Culture and Spirituality.
7. Sri Sathya Sai Vidya Jyoti programme aiming at transforming rural schools nationwide by upgrading their infrastructure, empowering teachers and children for development of individual and national character.

Dear Sir,

Sub: ONE DAY DISASTER AWARENESS PROGRAMME

Sir,

Today every section of society has woken up to the reality of recurring natural disasters. You will be interested to know that right from 2002, with the Divine Directions and Grace of Bhagawan Sri Sathya Sai Baba, Sri Sathya Sai Seva Organisation has been conducting DISASTER MANAGEMENT TRAINING for the youth of the organisation with a view to keep in readiness the arms of youth in all the districts of India to manage natural disasters and render effective service to the affected people.

The disastrous flood havoc of recent times in Kerala, Karnataka and Himachal Pradesh have brought into focus the need for proper awareness of various Natural Disasters to be created in the public at large and in the Youth in particular. The Youth of our Organisation have been in the forefront in the relief operations in the various flood affected districts of Kerala. Over 2000 of volunteers from the state of Kerala are from day one present in the remote corners of the affected districts and are fully into the rescue operations as also for distribution of food, water and medicines. Our Organisation would be working in synchronization with the Government of Kerala and would support all their initiatives like trauma care, medical aid, cleaning, providing safe and clean drinking water, etc.

With this in mind, we have suitably modified the Training module for Disaster Management to create a ONE day programme of DISASTER AWARENESS, mainly for the youth in the colleges. This programme is a judicious mixture of visual aids, lectures and practical demonstrations. The practical demonstrations will be done by the trained YOUTH of our Organisation, instilling confidence in the college youth that they also can equally do the same.

The entire programme is conducted by us as SEVA to the society, absolutely FREE of any fees.

Dear Sir,

Through
Alumni Committee
11/9/18

Warm and Greetings from Sri Sathya Sai Seva Organisation, Navi Mumbai! We, are delighted to connect with you regarding an intense value based initiative called the YOUTH AWARENESS PROGRAMME (YAP).

YAP is designed around the five human values of Truth, Righteousness, Peace, Love and Non violence. As teachers and educationists, you would agree that these values are the fundamental building blocks for good students, a happy society, a great nation and a peaceful world.

YAP has been in existence for over 20 years in more than 40 colleges in the city of Mumbai in which thousands of students have participated in value based Essay writing, Elocution and Poster competitions which have had a far reaching positive influence in their lives.

For the academic year 2018-19 we propose to have the following programmes under the umbrella of YAP -

- Elocution, debates and essay writing competitions.
- Seminars offering views of experts on the art of public speaking, career counselling, management practices, managing conflicts and relationships etc.
- Participation in Mobile Medicare project involved in providing medical facilities to the needy.
- Participation in Village Integrated Programme wherein various issues which plague the villages are resolved.
- Disaster Management Courses.
- Seminars on Indian Culture and Spirituality.
- Sri Sathya Sai Vidya Jyoti programme aiming at transforming 900 rural schools nationwide by upgrading their infrastructure, empowering teachers and children for development of individual and national character.

SIESNAA, had together with Sri Sathya Sai Seva Organisation, Navi Mumbai, organised a One Day Disaster Awareness Programme at Sai Prem, Vashi on 29th September 2018. The programme saw enthusiastic participation of over 160 college students.

The Programme which went on from 9am to 5pm, covered various aspects like types of disasters, rescue techniques, types of knots, emergency response, fire safety and first aid.

The facilitators were professional trainers from Indore, Nagpur and Pune.

The college students felt it to be a very satisfying experience as it was indeed a Programme for the youth, by the youth and from the youth. They gave positive feedback and were full of praises about the event.

This was the 2nd event organised by SIESNAA during this academic year.

Dear Sir,

Sub: ONE DAY DISASTER AWARENESS PROGRAMME

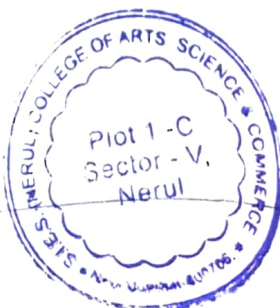

Sairam,

Today every section of society has woken up to the reality of recurring natural disasters. You will be interested to know that right from 2002, with the Divine Directions and Grace of Bhagawan Sri Sathya Sai Baba, Sri Sathya Sai Seva Organisation has been conducting DISASTER MANAGEMENT TRAINING for the youth of the organisation with a view to keep in readiness teams of youth in all the districts of India to manage natural disasters and render effective service to the affected people.

The disastrous flood havoc of recent times in Kerala, Karnataka and Himachal Pradesh have brought into focus the need for proper awareness of various Natural Disasters to be created in the public at large and in the Youth in particular. The Youth of our Organisation have been in the forefront in the relief operations in the various flood affected districts of Kerala. Over 2000 of volunteers from the state of Kerala are from day one present in the remote corners of the affected districts and are fully into the rescue operations as also for distribution of food, water and medicines. Our Organisation would be working in synchronization with the Government of Kerala and would support all their initiatives like trauma care, medical aid, cleaning, providing safe and clean drinking water, etc.

With this in mind, we have suitably modified the Training module for Disaster Management to create a ONE day programme of DISASTER AWARENESS, mainly for the youth in the colleges. This programme is a judicious mixture of visual aids, lectures and practical demonstrations. The practical demonstrations will be done by the trained YOUTH of our Organisation, instilling confidence in the college youth that they also can equally do the same.

The entire programme is conducted by us as SEVA to the society, absolutely **FREE** of any fees.

Respected Sir

Subject: Permission to start ERP (SAP) Skill Development Programme for SY & TY BCom students in the college

The Department of BCom would like to launch a Certificate Course in ERP (SAP) Skill Development Program conducted by Technoriya e Technologies Pvt. Ltd. for SY & TY BCom students in the college. The training will help and assist the students to acquire latest skills and match their current specialization with the standards and real time practices of corporate sector.

The particulars of the aforesaid program are as follows:

1. **Duration:** 60hours
2. **Fee Structure:** Rs. 7500/- (per student, inclusive of tax)
3. **Batch Size:** 30 students
4. **Day/s of Instruction :** Sundays

Further, as per the terms of agreement, 60% of the fee amount per student will be paid to the institute and 40% will be retained by the college.

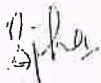

Also, it may be considered that a computer lab will be required to conduct the classes on a regular basis until the completion of the course.

Considering that this is a maiden attempt, we wish to start the course on a trial basis with a batch of only 30 students (first come first serve basis). Therefore, the continuity of the course will depend on the feedback of the first batch.

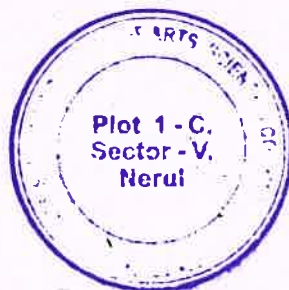

We look forward to your approval of the same.

Thanking You

Subject: Proposal for Digital Marketing ADD – On Certificate Course for Media Students

Respected Madam,

The Department of Mass Media is taking an initiative to start with an Add-On Certificate Course for the students in the field of Digital Marketing with the organization i-Digital Learning.

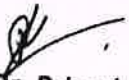

The students of mass media need to be well versed with the digital media to make themselves industry specific. The Mumbai University has introduced a paper on Digital Marketing in semester Six. So this course will also throw light in the practical aspects of the subject. Last Academic year 2016-2017, ~~44~~ students enrolled for the same course and feedback for the course turned out to be mostly excellent.

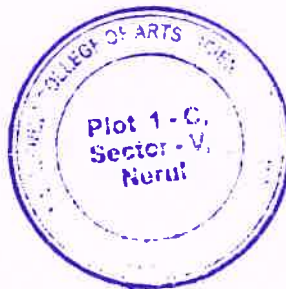

The course is open to all BMM Students with the specific aim to enhance their practical skills too in the field of media.

The Course fee for the Add-on Course has been decided as Rs.3000 from individual students and was agreed upon with i Digital learning to share 45% of its revenue generation with the college for using its various resources.

I hope management will support such add-on course for the department and will allow us to start the course as soon as possible.

Yours sincerely,

Prof. Dr. Priyadarshini Poddar,
Course Coordinator ,

i-Digital Learning

31st July, 2017

About the Course

The last decade has been a complete roller-coaster for marketing, with newer marketing platforms the marketing managers are happy to explore them. One such revolutionary platform is 'Digital'

But, where to get the knowledge about digital, the courses offered by most institutes are very expensive and more often too bookish, they don't always have a practical outlook towards digital.

So, after a lot of research we have come up with 'i-Digital Learning.'

We bring across to you a program that has a more practical approach towards teaching digital. The trainers that will be teaching the same are people who have been working on digital day in and day out with an experience of more than 5 years.

August 2017 onwards [On Weekends]

Total Duration - 30 hours.

Course Outline

The topics that will be covered;

Marketing - Evolution of Marketing	SEM & Display Marketing
Digital - Evolution of Digital	Mobile Marketing
Social Media Marketing	Content Marketing
ORM	Careers in Digital / Entrepreneurial
Photography and Digital	Journalism and Digital
Websites	Student Presentation
SEO	Interview Sessions

The above flow is suggestive, there might be some sessions which might have to be shuffled before or after according to the availability of the trainers, but all the topics will be covered.

DETAILED REPORT : TCS CAMPUS TO CORPORATE TRAINING PROGRAMME 2017 -18

Like every academic year for the past three years , the **Campus to Corporate** transition programme (based on the TCS Campus to Corporate Readiness module) began in the month of August 2017 (in the first semester of the academic year 2017 -18).

It was again conducted for the First , Second Year & the Third Year degree college students. This is the 4th batch of undergraduate (degree) students.

Like for the earlier batches , a team of 5 core faculty members were finalized as the trainers who would impart the course to the students – this time the second batch.

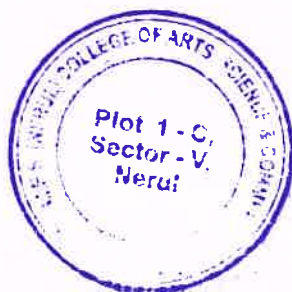

The 5 members were again :

Ms Neelima B – Librarian & **Dr Priyadarshini Poddar** – BMM Coordinator who were initially trained by TCS.

Along with them , **Ms Ananya Gon** – BMS Coordinator & **Mr Mithun Pillai** – BMM Faculty (who also attended the Train the Trainer Programme conducted by TCS during the month of August 2015 thereby helping them to enhance their teaching abilities)

And **Ms Nisha Telang** - BMS faculty who was also again a core member of the team / facilitator (on leave so excluded for the 2017-18 batch)

The initial procedure has remained the same. Like for the earlier batches , a time table was drawn & the entire syllabus was equally divided amongst the team. Registration details were also decided upon.

A notice was circulated in the the classrooms of the UG students stream wise. Students were briefed about the nature & purpose of the course , its benefits , the mode of instruction & registration details.

As seen in the past , the course is extremely popular & so the response of the students was extremely positive. Registrations were done on a first come first serve basis and stopped at 50 students. The students were charged a nominal amount of Rs 700 for the entire duration of the course.

The course commenced on 10th August 2017. The very first session was held in the audio visual room. It began with the lighting of the lamp by the core team members who then addressed the students. The students were told in detail about the course , its benefits , the course content , the teaching methodology with an emphasis on grasping and learning the maximum possible.

The course was run on a regular basis , with the 4 trainers taking lectures in rotation every week. The students were again made aware of certain personality development and communication skills & they were totally involved in the activities. For the first time it was conducted across two semesters.

The lectures were conducted both in the audio visual room and in classrooms provided with audio visual aids. The medium of instruction was via lectures with more emphasis on interaction and participatory activities by the students , in order to boost their confidence and self esteem. The sessions were made very lively with a lot of interactive games & use of audio visual techniques.

The students were coaxed to participate via mock competitions / games thereby ensuring hands on experiences for them.

So as to further enhance the quality of the course & to make it par excellence , like every academic year , it was decided to call trainers ,

experts with actual industry work experience & other connoisseurs in various fields who would interact with the students & share their valuable expertise.

In keeping with this objective 4 days were allotted. The experts who were called were :

- 1 Ms Nuzhat Jahan - Owner Physiofit , Sports Physiotherapist
- 2 Ms Padma Nayak - Serial Entrepreneur , Image Consultant
- 3 Mr Sankara Ramnath - Founder , CEO , U2K Consulting
- 4 Ms Ritu Thakkar - Manager - ICICI Securities

Ms Nuzhat addressed the students on **Better Ergonomics for Success**. Ms Padma on **Image Management – A key to Corporate Success**. Mr Sankara on **How to get the Job that you want**. And finally Ms Ritu Thakkar spoke on **Designing Life at Twenty**.

The students were delighted with the expert sessions & the feedback was excellent from them. Each of these sessions was very informative & the students gained tremendously from them.

The course finally came to an end on the 28th of February 2018. Again the student feedback was taken and was found to be very satisfactory.

All the students then had to make groups in order to make presentations for which they were evaluated. This year again the 3 best speakers were to be given an additional certificate to both boost and motivate them.

Almost every student displayed a lot of improvement in terms of their interest , grasping abilities and team work as compared to the beginning of the course, which was very heartening. This year , each group even took the effort to make a power point presentation based on a lot of efforts and research. Finally there was a tie between 6 best speakers

who had to speak again on their complete C to C experience. As they were equally good all 6 were chosen and were given additional certificates.

Finally each of them (barring those who were absent) got their certificates at the hands of the Librarian & TCS facilitator Ms Neelima B. She congratulated & wished them all success in their future endeavours. This course thus completed its fourth successful year for the degree college students

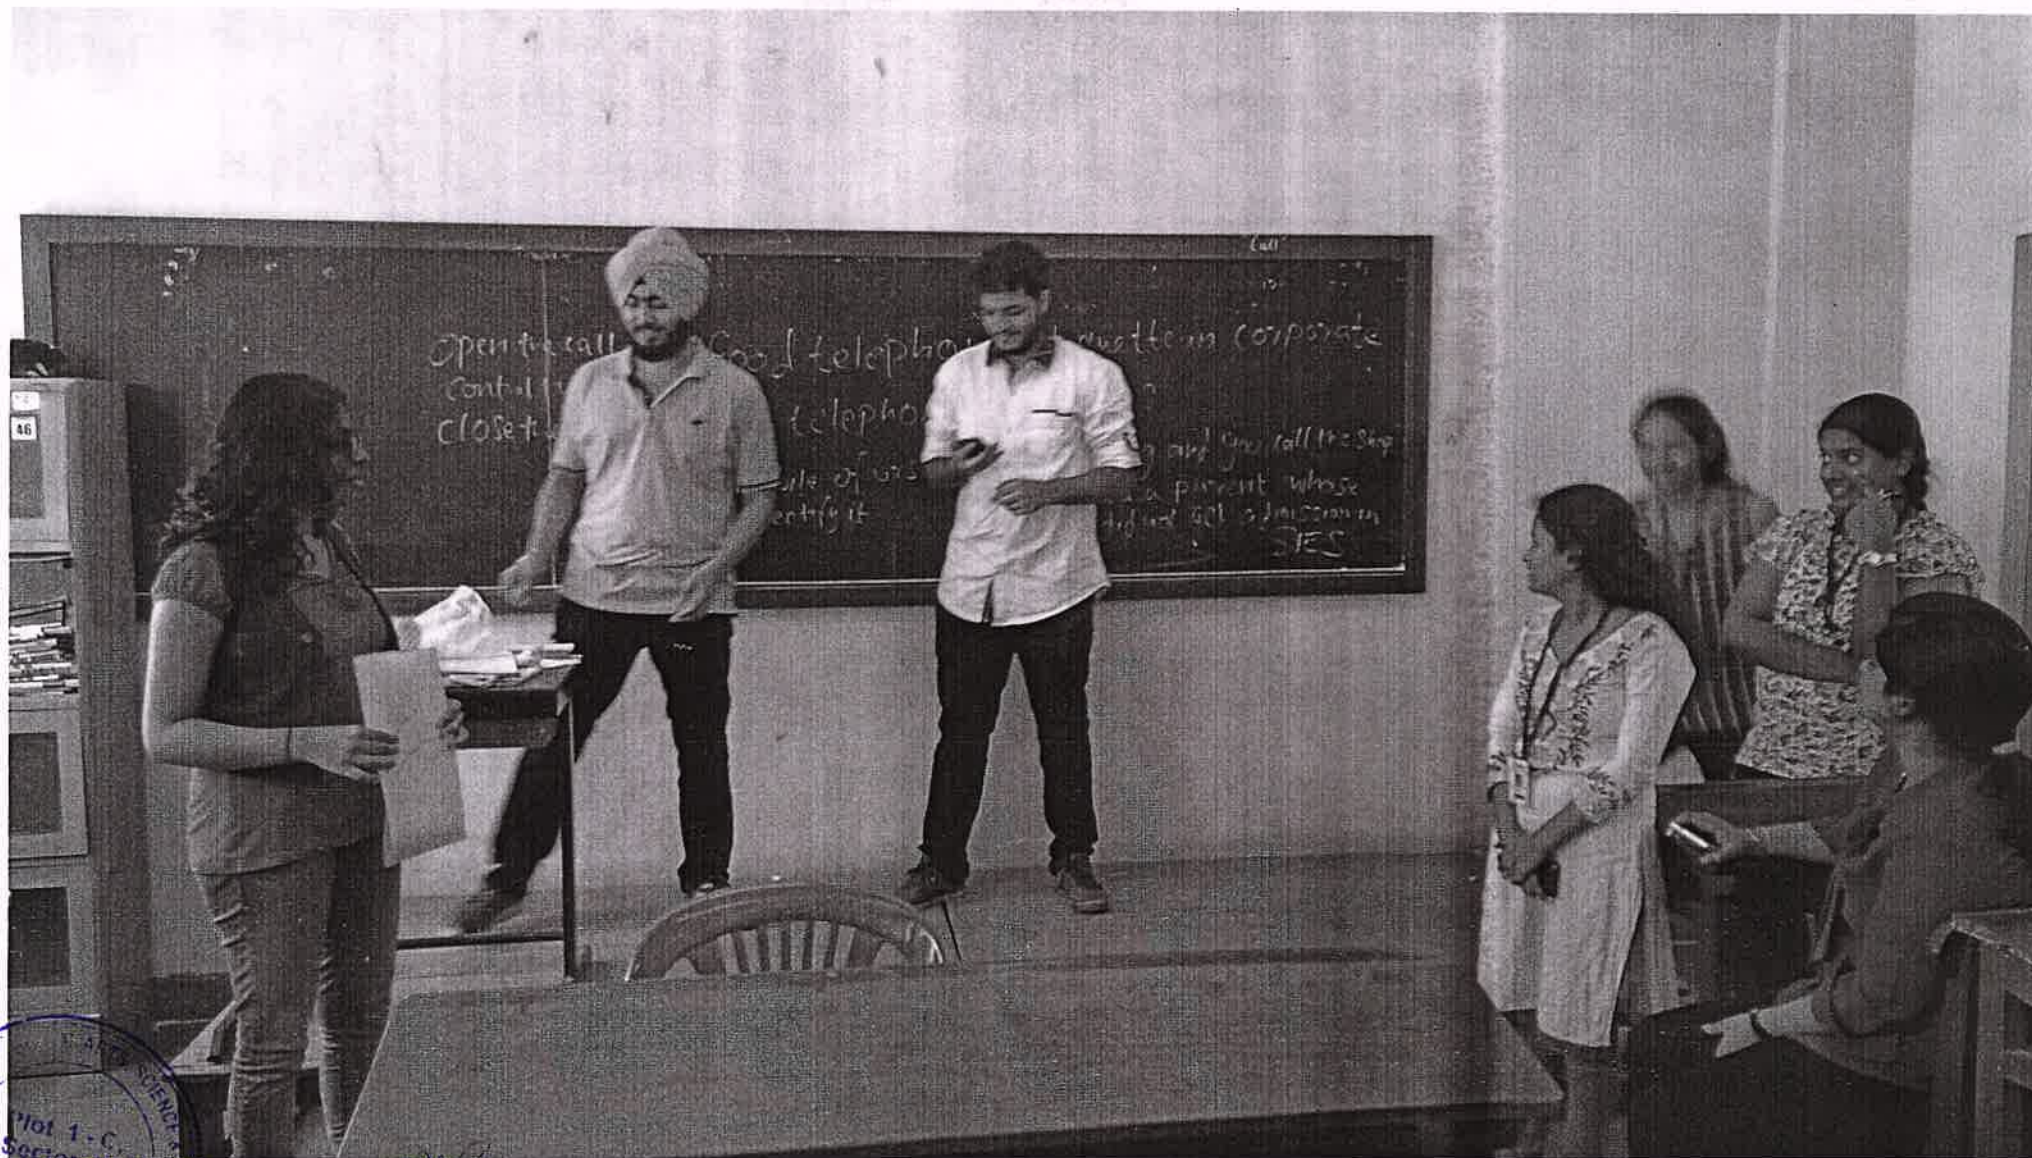

To be mentioned is the support and encouragement provided by the **Principal Dr Milind Vaidya** at every step.

The successful completion of the course has once again acted as an inspiration for the core team and their constant efforts. And it is hoped that similarly future batches too will continue to benefit.

Subject: **Proposal for Digital Marketing ADD –On Course for Media Students**

Respected Madam,

The Department of Mass Media is taking an initiative to start with an Add-On Course for the students in the field of Digital Marketing with the organization **i-Digital Learning**.

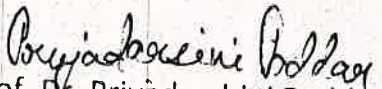

The students of mass media need to be well versed with the digital media to make themselves industry specific. The Mumbai University is planning to introduce a paper on Digital Marketing in semester Six. So this course will also throw light in the practical aspects of the subject.

The course is open to all BMM Students with the specific aim to enhance their practical skills too in the field of media.

The Course fee for the Add-on Course has been decided as 2,600 from individual students and was agreed upon with **i Digital Learning** to share 30% of its revenue generation with the college for using its various resources.

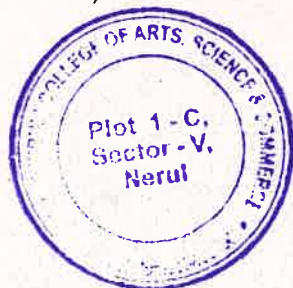

I hope management will support such add-on course for the department and will allow us to start the course as soon as possible.

Yours sincerely,

About the Course

The last decade has been a complete roller-coaster for marketing, with newer marketing platforms the marketing managers are happy to explore them. One such revolutionary platform is 'Digital'

But, where to get the knowledge about digital, the courses offered by most institutes are very expensive and more often too bookish, they don't always have a practical outlook towards digital.

So after a lot of research, we have come up with 'i-Digital Learning.'

We bring across to you a program that has a more practical approach towards teaching digital. The trainers that will be teaching the same are people who have been working on digital day in and day out with an experience of more than 5 years.

August - September 2016, (Every Saturday)

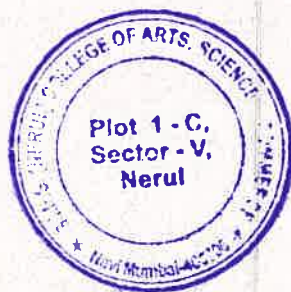

Total 30 hours max.

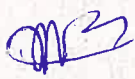

Course Outline

The topics that will be covered;

Marketing - Evolution of Marketing	SEM & Display Marketing
Digital - Evolution of Digital	Mobile Marketing
Social Media Marketing	Content Marketing
ORM	Careers in Digital / Entrepreneurial
All About Websites	Student Presentation
SEO	Interview Sessions

The above flow is suggestive, there might be some sessions which might have to be shuffled before or after according to the availability of the trainers, but none of the topics will be left out, all the topics will be covered.

Advance Excel Syllabus

Course Description

Excel is a complex, yet easy-to-use spreadsheet program that contains a multitude of much-needed tools with very advanced options. While it's true that you can create an attractive spreadsheet and use simple formulas in Excel with very little experience, that is just the tip of the iceberg when it comes to what Excel can truly do. In order to be able to successfully use the program to create spreadsheets, enter data, and maintain that data, you must have more than basic knowledge. This course gives you the advanced skills you need to be able to fully use the program.

This course was designed for the student who has already mastered the basic skills needed to use Excel 2016 and wants to gain more advanced skills to put to work in a business environment or for personal use. This course goes in-depth, using step-by-step instructions to teach advanced techniques to broaden all students' knowledge and use of the program.

In this course, you will learn how to:

- Create your own templates
- Work with spark lines
- Create and manage scenarios
- Use Goal Seek and Solver
- Create, manage, and format pivot tables and pivot charts
- Use the Excel mathematical functions
- Create and write complex formulas
- Perform data lookups
- Create and use IF statements
- Use Excel's data functions
- Create and use data validation rules
- Apply custom and prebuilt conditional formatting
- Work with functions to manipulate strings of text and data
- Create and use macros
- Troubleshoot and audit formulas
- Create pivot tables and pivot charts
- Use queries to import external data
- Import and clean data
- Link and consolidate worksheets and workbooks
- Troubleshoot errors

The next particular modules for both the batches are as follows:

- CFC FY - Basics Of Financial Market (For the new FY)
- CFC SY&TY - Banking Module (Existing Batches)

We have completed 2 Modules for each batch at present. Taking the association of Eminent Minds and SIES(Nerul) ahead, we would like to introduce CFC to the new batch of FYs who can start from Basic of Financial Markets and Current students moving onto important module – Banking.

For both the Module allotted hours would be 24 hours each, which will be completed in 8 sessions of 3 hours each. As we run this course on Sunday, the same will be completed in 8 Sundays i.e., 2 months.

We request you to allow us to start the Admission process of existing students in June 2015 as the college re-opens and introduction session for new FYs as they join in.

Sneak - Peek (Year 2014 – 2015)

SIES Nerul College of Arts, Science and Commerce has always been committed to provide best class knowledge to its students and work for their over-all development. With the same view, Eminent Minds In association with the esteemed institute introduced course called Certified Financial Consultant for the students across the commerce division.

We introduced CFC in September and registered 79 students in its first batch. We completed the following modules in the First Half

- | | |
|---------------------|---------------------------------------|
| • CFC – FY Batch | - Financial Markets – Beginner Module |
| • CFC – SY&TY Batch | - Financial Markets – Advanced Module |

The Second half of the year we saw 55 Students where completed,

- | | |
|---------------------|----------------------------|
| • CFC – FY Batch | - Capital Market Module |
| • CFC – SY&TY Batch | - Wealth Management Module |

Main motto of Eminent Minds has always been imparting practical knowledge by the people related to BFSI sectors. Hence, we always had professional from these areas conducting the sessions for our students. Live Trading Session and Virtual Trade Market was set up.

Association of Eminent Minds

Eminent Minds has had honour of getting associated with the SIES (Nerul) on following events,
